

2007 Family Caregiving Awards Program KHON2 Elderhood Project

PURPOSE

KHON2 Elderhood Project and the Hawaii Caregiver Coalition are pleased to announce the launch of the 2007 Family Caregiving Awards Program. The goal of this program is to improve the quality of life of family caregivers by recognizing and supporting the work of community organizations that support family caregivers.

CATEGORIES

There will be one award for the first three categories. Four awards, one per county, will be given for the fourth category (examples are provided only for clarity):

Category 1: Education Award will go to an organization that has developed exemplary training programs to educate family caregivers on topics such as assisting with Activities of Daily Living needs, financial planning, time management, and others. Example: a book and/or video that shows the family caregiver how to respond positively to negative outbursts by the care recipient.

Category 2: Support Award will go to an organization that provides family caregiver support such as respite, counseling, or eldercare in a truly innovative way. Example: a mobile respite unit that serves family caregivers in a small, rural community.

Category 3: Advocacy Award will go to an organization that impacted legislation or public policies for the benefit of family caregivers. Example: an advocacy group who successfully implemented Family Caregiver Day at the Capitol.

Category 4: Family Caregiver Award will be given to one individual from each county who embodies the courage to face the challenges of caregiving, the compassion to ensure dignity for their loved one, and the wisdom to reach out for support.
