

SOLID WASTE					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
GOAL	<i>Maui will minimize the volume of solid waste that enters the regional landfills.</i>	<i>Maui will minimize the volume of solid waste that enters landfills by <u>transforming wastes into productive products and minimizing land filling</u></i>	<i>Maui will minimize the volume of solid waste that enters the regional landfills.</i> GPAC recommendation	574	
OBJ. 1	More holistic approach to solid waste management planning and adequate funding to effectively meet future needs.		A more holistic approach to solid waste management planning to effectively meet future needs. GPAC recommendation	575	
POLICIES	Regularly update and publicize the Integrated Solid Waste Master Plan (ISWMP) every five years.		Delete; see CIP chapter	576	
	Strengthen inter-agency coordination including Planning and Environmental Management departments.	<u>Strengthen inter-agency coordination.</u>	Delete; see CIP chapter	577	
	Monitor and publicize the effectiveness of waste reduction plan.		Monitor and publicize the effectiveness of the Integrated Solid Waste Master Plan (ISWMP) waste reduction plan.	578	
	Make the county government a model for zero waste.	Make the county government a model for waste reduction.	Delete; see CWPP #I.3. action b	579	
	Provide strategies to address commercial, industrial, and residential waste disposal needs in a timely manner.	Provide strategies to address commercial, industrial, and residential waste disposal needs.	Delete; too broad	580	
	Include a funding plan in the ISWMP to address solid waste disposal capacity.		Delete; see # 584	581	
		<u>Eliminate future active, unlined landfill cells.</u>	Eliminate future active, unlined landfill cells.	582	
ACTIONS	Implement the ISWMP through programs/ improvements/upgrades of solid waste management system and the Capital Improvement Project (CIP) budget in a timely manner.		Implement the ISWMP through programs/ improvements/upgrades of the solid waste management system and the Capital Improvement Project (CIP) budget in a timely manner. GPAC recommendation	584	

SOLID WASTE					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Regularly update waste generation, reuse, recycling, and disposal data for monitoring and implementation purposes.		Regularly update waste generation, reuse, recycling, and disposal data for monitoring and implementation purposes. GPAC recommendation	585	
	Implement a “zero waste” policy for the County government.		Delete; CWPP #1.3. action b	586	
	Educate the public about the importance and cost savings of solid waste reduction.		Delete; see # 596	587	
	Require residents and commercial enterprises that generate waste to pay a fair proportion of disposal costs.		Require residents and commercial enterprises that generate waste to pay a fair proportion of disposal costs. GPAC recommendation Move to policy under objective 2.	588	
	Implement operation and capital improvements (beyond the ISWMP scope) as identified in current and future plans and the County CIP.		Delete; see # 584	589	
OBJ. 2	Divert at least 60% of solid waste from the Island’s landfills.	Adopt programs to increase diversion of solid waste from the Island’s landfills.	Prolong the life of existing landfills.	590	
	Increase recycling, reuse, and reduction of solid waste.		Delete; see # 595 and # 599	592	
	Expand waste diversion and recycling programs throughout the island, including used appliances/furniture/other household item; and plastic, glass, cardboards, green-waste, and other recyclable materials.		Delete; see # 595 and # 599	593	
	Encourage waste-to-energy solutions.		Delete; see # 595	594	
	Reduce the solid waste generated by packaging, food service products, home construction waste, etc.		Reduce the solid waste generated by packaging, food service products, and home construction waste.	595	

SOLID WASTE					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Educate residents and visitors about the impacts of and methods to reduce, reuse, and recycle.		Educate residents and visitors about the impacts of and methods to reduce, reuse, and recycle. GPAC recommendation	596	
		<u>Discourage the disposal of landfill leachate by diversion to wastewater treatment plants.</u>	Delete; see # 582	597	
ACTIONS	Implement a comprehensive, color-coded curbside recycling program.		Implement a comprehensive, curbside recycling program. GPAC recommendation	599	
	Develop regulations, programs, and/or incentives to: <ul style="list-style-type: none"> a. Increase recycling of used appliances/furniture/electrical/components/clothing other household items and recyclable materials; b. Increase the number of composting centers; c. Reduce solid wastes generated by packaging, food service products, home construction waste, etc; d. Create/support partnerships to construct materials recovery facilities (MRFs) including a facility in Central Maui, in accordance with the ISWP, and investigate a cost-recovery fee to meet funding needs; and e. Prohibit the use of non-degradable materials, e.g. Styrofoam. 	Develop regulations, programs, and/or incentives to: <ul style="list-style-type: none"> a. Increase recycling of used appliances/furniture/electrical/components/clothing other household items and recyclable materials; b. Increase the number of composting centers; c. Reduce solid wastes generated by packaging, food service products, home construction waste, etc; d. Create/support partnerships to construct materials recovery facilities (MRFs) including a facility in Central Maui, in accordance with the ISWP, and investigate a cost-recovery fee to meet funding needs; and e. Discourage the use of non-degradable materials, e.g. Styrofoam. 	Develop regulations, programs, and/or incentives to: <ul style="list-style-type: none"> a. Increase recycling of used appliances/furniture/electrical/components/clothing other household items and recyclable materials; b. Increase the number of composting centers; c. Reduce solid wastes generated by packaging, food service products, home construction waste, etc; d. Construct materials recovery facilities (MRFs) including a facility in Central Maui, in accordance with the ISWP, and investigate a cost-recovery fee to meet funding needs; and e. Prohibit slow degradable materials, e.g., styrofoam. 	600	
	Develop public outreach/education/incentive programs to increase awareness to reduce, reuse, and recycle.		Develop public outreach/education/incentive programs to increase awareness to reduce, reuse, and recycle. GPAC recommendation	601	
	Develop a waste-to-energy program		Prepare a study to assess the feasibility of a future waste to energy program.	602	
			Prepare a study to assess the feasibility of developing a landfill in West Maui.	603	
			Identify and develop a recycling facility at appropriate location in West Maui.	604	

WASTEWATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
GOALS	<i>Maui will have wastewater systems that comply with or exceed State and Federal regulations; meet levels of service needs; provide adequate capacity to accommodate projected demand; ensure efficient/effective and environmentally sensitive operation; and maximize wastewater reuse where feasible.</i>		<i>An efficient, effective, and environmentally sound wastewater system.</i>	605	
OBJ. 1	A wastewater planning program capable of efficiently providing timely and adequate capacity to service projected demand.		Plan for future wastewater facilities.	606	
POLICIES	Regularly update a Maui Island wastewater <i>functional (master) plan</i> concurrently with the Maui Island Plan update.		Delete; redundant with chapter 9 CIP	607	
	Focus the expansion of wastewater systems to accommodate planned growth in an orderly manner within the Urban and Rural Growth Boundaries.	Focus the expansion of wastewater systems to accommodate planned growth consistent with the MIP Directed Growth Strategy.	Focus the expansion of wastewater systems to accommodate planned growth consistent with the MIP Directed Growth Strategy. MPC recommendation	608	
	Plan to establish new wastewater treatment plant(s) outside the tsunami zone.		Establish new wastewater treatment plant(s) outside the tsunami zone. GPAC recommendation	609	
	Strengthen inter-agency coordination to achieve system efficiency and effectiveness.		Delete; redundant with chapter 9 CIP	610	
ACTIONS	Implement the functional plan in a timely manner through programs/improvements/upgrades of system components and the Capital Improvement Program (CIP) budget.	Implement the functional plan through programs/improvements/upgrades of system components and the Capital Improvement Program (CIP) budget.	Delete; redundant with chapter 9 CIP	611	
	Prepare a site selection study, financing program, and operational/ phasing plan for the development of a new Central Maui wastewater treatment facility.		Prepare a site selection study, financing program, and operational/ phasing plan for the development of a new Central Maui wastewater treatment facility. GPAC recommendation	612	
	Arrange for the re-routing of sewer lines and the development of appropriate pumping capabilities.	Delete – Covered in Action #2	Delete; see # 612	613	

WASTEWATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Continue to implement operational improvements as identified in current and future plans and the County CIP.		Delete; redundant with chapter 9 CIP	614	
OBJ. 2	Adequate levels of wastewater service with minimal environmental impacts.		Adequate levels of wastewater service with minimal environmental impacts. GPAC recommendation	615	
POLICIES	Meet or exceed all State and Federal standards regulating wastewater disposal or reuse.		Delete; required by Clean Water Act	616	
	Require <i>tertiary treatment</i> for all municipal wastewater that is disposed through deep injection wells.		Require <i>tertiary treatment</i> for all municipal wastewater that is disposed through deep injection wells. GPAC recommendation	617	
	Pursue improvements and upgrades to the County's existing wastewater collection, treatment, and reuse facilities consistent with current/future plans and the County's CIP.		Improve and upgrade the County's existing wastewater collection, treatment, and reuse facilities consistent with current/future plans and the County's CIP.	618	
	Maintain an ongoing sewer inspection program for public and private multi-user systems to identify potential problems and forecast each system's residual life.		Maintain an ongoing sewer inspection program for public and private multi-user systems to identify potential problems and forecast each system's residual life. GPAC recommendation	619	
	Require all new developments to fund system improvements in proportion to the development impact and in accordance with the County's wastewater functional plan.		Delete; redundant with chapter 9 CIP	620	
	Require a <i>sinking fund</i> to adequately maintain/replace aging wastewater system components.	<u>DELETE</u>	Delete MPC recommendation	621	

WASTEWATER						
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE	
ACTIONS	<p>Implement the following to ensure effective/safe multi-user wastewater treatment systems:</p> <ul style="list-style-type: none"> a. Amend County regulations/plans to ensure adequate operating procedures, treatment standards, and monitoring programs; b. Establish treatment and capacity requirements suitable for the required level of service/use; and c. Require financial assurance including bonds, if private, to provide for the following: <ul style="list-style-type: none"> 1. Repair, removal, or replacement of any system components reaching the end of intended service life. 2. Enforcement of other needed corrective action(s) or guaranteeing uninterrupted operation in case of bankruptcy, abandonment, or any other default on financial obligation. 		<p>Implement the following to ensure effective/safe multi-user wastewater treatment systems:</p> <ul style="list-style-type: none"> a. Amend County regulations/plans to ensure adequate operating procedures, treatment standards, and monitoring programs; b. Establish treatment and capacity requirements suitable for the required level of service/use; and c. Require private treatment plants to provide financial assurance, including bonds, for the following: <ul style="list-style-type: none"> 1. Repair, removal, or replacement of any system components reaching the end of intended service life; and 2. Enforcement of other needed corrective action(s) or guaranteeing uninterrupted operation in case of bankruptcy, abandonment, or any other default on financial obligation. 	622		
	Expand sewer system inspection program(s) to achieve timely preventive maintenance, identify/replace defective/deteriorated pipes, and determine funding needs for system upkeep.			Delete; see # 622 and # 619	623	
	Conduct and implement technical studies to identify the appropriate level of service and potential funding approaches/mechanisms with the intent to augment the funding available for ongoing upgrade/maintenance of the wastewater system.	Conduct and implement technical studies to identify appropriate level of service and potential funding mechanisms to augment the funding available for ongoing upgrade/maintenance of the wastewater system.		Delete; redundant with chapter 9 CIP	624	
OBJ. 3	Greater reuse of wastewater for landscape planting, agriculture, and other non-potable uses.		Increase the reuse of wastewater from __% to __%.	625		

WASTEWATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
POLICIES	Strengthen coordination between the Department of Water Supply and the Department of Environmental Management's Wastewater Division to promote reuse/recycling of wastewater.		Strengthen coordination between the Department of Water Supply and the Department of Environmental Management's Wastewater Division to promote reuse/recycling of wastewater. GPAC recommendation	626	
	Expand the reuse of wastewater from the Central Maui, Kihei, Lahaina, and other wastewater systems in accordance with the County's wastewater reuse plans/policies and the Water Use & Development Plan.	Move to action	Expand the reuse of wastewater from the Central Maui, Kihei, Lahaina, and other wastewater systems.	627	
	Promote greater use, where appropriate, of recycled wastewater/grey water in an efficient, safe, and environmental sound manner.	Delete – Addressed in Policy #2	Delete; see # 627, # 630, and # 631	628	
		<u>Strive to reclaim and reuse all treated wastewater.</u>	Delete; see # 625, # 627, # 630, and # 631	629	
ACTIONS	Identify potential new users of treated effluent and implement the necessary improvements to supply this water through the County CIP.		Identify potential new users of treated effluent and implement the necessary improvements to supply this water through the County CIP. GPAC recommendation	630	
	Amend County regulations to allow for the use of grey water for approved purposes.		Amend County regulations to allow for the use of <i>grey water</i> for approved purposes. GPAC recommendation	631	
	Develop public/private partnerships to create education, marketing, and incentive programs that promote the reuse/recycling of wastewater.		Create education, marketing, and incentive programs that promote the reuse/recycling of wastewater.	632	
		General Infrastructure Policy: Require a regular reporting mechanism for the status of private infrastructure and financial assurance to ensure enforcement of needed corrective action(s) or uninterrupted operation in case of bankruptcy, abandonment, or any other default on financial obligation.	Move to chapter 9 CIPS	633	
		<u>Expand the reuse of wastewater from the Central Maui, Kihei, Lahaina, and other wastewater systems in accordance with the County's wastewater reuse plans/policies and the Water Use & Development Plan.</u>	Delete; see # 627	634	

WATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
GOAL	<i>Maui will protect its water resources; and sustainably manage reliable sources of clean water for all uses and a system of water catchment, storage, transmission, and distribution that is managed in an efficient, safe, and environmentally sound manner.</i>		<i>An environmentally sustainable, reliable, safe, and efficient water system.</i>	635	
OBJ. 1	More holistic approach to water resources planning to effectively protect, recharge, and manage water resources including watersheds, groundwater, streams, and aquifers.		More holistic approach to water resources planning.	636	
POLICIES	Recognize that water is a <i>public trust resource</i> and decisions on its use must be made consistent with the MIP and the State Water Code.		Recognize that water is a <i>public trust resource</i> and decisions on its use must be made consistent with the MIP and the State Water Code. GPAC recommendation	637	
	Ensure that the Water Use and Development Plan (WUDP) implement the MIP's goals, objectives, and policies.		Ensure that the Water Use and Development Plan (WUDP) implements the MIP's goals, objectives, and policies. GPAC recommendation	638	
	Regularly update the WUDP.		Delete; covered in chapter 9 CIPS	639	
	Support the <i>Agricultural Water Use and Development Plan</i> as it applies to Maui County and where it is consistent with the MIP.	Delete – In Land Use Element	Delete; see 7.1.2 Action 2 MPC recommendation	640	
	Ensure that all source development, improvements, and upgrades to the island's existing water supply infrastructure are consistent with the MIP policies.		Delete; see # 642	641	
	Ensure that the County's Capita Improvement Plan for water source development is consistent with the Water Use and Development Plan.		Ensure that the County's Capital Improvement Plan for water source development is consistent with the Water Use and Development Plan and the MIP. GPAC recommendation	642	
	Support the allocation of water as prescribed in the Water Use and Development Plan and applicable laws.	Delete – in Watershed Sub-Element	Delete; see# 649 MPC recommendation	643	
	Promote the mauka to makai flow in Maui's streams.	Delete – in Watershed Sub-Element	Delete; see 2.3.1.b MPC recommendation	644	

WATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Protect instream uses and ensure that native Hawaiian rights are protected by providing water for Hawaiian Homelands, domestic use for settlement of kuleana lands by native Hawaiians, and traditional and customary rights.	Delete – In Watershed Sub-Element	Delete; see # 177 MPC recommendation	645	
	Manage the amount of water withdrawn from aquifers and other groundwater sources to ensure sustainable yields, the long-term health, and sustainability of the resource.		Manage the amount of water withdrawn from aquifers and other groundwater sources to ensure sustainable yields, the long-term health and sustainability of the resource. GPAC recommendation	646	
	Retain and expand public ownership and management of watersheds and fresh water systems on the island.	Delete – In Watershed Sub-Element	Retain and expand public ownership and management of watersheds and fresh water systems. GPAC recommendation	647	
	Encourage and improve data exchange and coordination among Federal/State/County/private land use planning and water resource management agencies.		Encourage and improve data exchange and coordination among Federal/State/County/private land use planning and water resource management agencies. GPAC recommendation	648	
ACTIONS	Implement the Water Use and Development Plan.		Implement the Water Use and Development Plan. GPAC recommendation	649	
	Implement the Agricultural Water Use and Development Plan as it applies to Maui County, and where it is consistent with the MIP.	Delete – In Land Use Element	Delete; see land use 7.1.2 action 2	650	
	Develop site selection studies for water storage/supply facilities for each community plan area.		Develop site selection studies for water storage/supply facilities for each community plan area. GPAC recommendation	651	
	Prepare and implement a plan to identify and prioritize infrastructure requirements needed to accommodate non-potable water for irrigation.		Prepare and implement a plan to identify and prioritize infrastructure requirements needed to accommodate non-potable water for irrigation. GPAC recommendation	652	
	Coordinate with the State to establish instream flow standards.	Delete – In Watershed Sub-Element	Delete; see # 176, and # 180	653	
	Develop a program for regular coordination meetings among Federal/State/County/private land use planning and water resource management agencies.	Delete - redundant	Delete; see chapter 9 CIPS	654	

WATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Work with the State to resolve and implement native Hawaiian water rights.	Delete – In Cultural Resource Sub-Element	Delete; see # 177	655	
	Work with the State to set standards for the amount of water withdrawn from aquifers and other groundwater sources to ensure the long-term health and sustainability of the resource.		Work with the State to set standards for the amount of water withdrawn from aquifers and other groundwater sources to ensure the long-term health and sustainability of the resource. GPAC recommendation	656	
	Implement a program to remove invasive alien species from watershed forests and plant species native to the specific area.	Delete – In Wildlife and Natural Areas Sub-Element	Delete; see # 196, # 198, # 199, and # 200	657	
	Produce an annual evaluation of the state of available water resources on the Island.		Produce an annual evaluation of the state of available water resources on the island. GPAC recommendation	658	
		<u>The County shall develop new water sources for the benefit of all of the people of Maui County.</u>	Delete; see # 649, # 651, and # 670	659	
			Prepare a study comparing the sustainable yields of the East Maui streams and aquifers to the potential needs for these waters.	660	
OBJ. 2	Meet the island's water needs economically, reliably, and efficiently.	Meet and balance the island's water needs.	Increase the efficiency and capacity of the water systems.	661	
POLICIES	Ensure the efficiency of all water system elements including well and stream intakes, water catchment, transmission lines, reservoirs, and all other system infrastructure.		Ensure the efficiency of all water system elements including well and stream intakes, water catchment, transmission lines, reservoirs, and all other system infrastructure. GPAC recommendation	662	
	Provide sufficient and economical water for agriculture use.	Delete – In Land Use Element	Delete – In Land Use Element	663	
	Maximize the efficiency of using potable and non-potable water sources.	Delete – Incorporated into Policy #6, Policy #4 and Policy #1	Delete – Incorporated into Policy #6, Policy #4 and Policy #1; see # 662, and # 665	664	

WATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Maximize the efficient use of reclaimed wastewater to serve non-potable needs and displace potable water use.		Maximize the efficient use of reclaimed wastewater to serve non-potable needs.	665	
	Work with appropriate State and County agencies to achieve a balance in resolving the needs of water users in keeping with the water allocation priorities of the MIP.		Delete; see # 660	666	
	Ensure energy efficiency of all County water treatment, supply, and distribution systems.	Ensure energy efficiency, conservation, and adequate resources for all County water treatment, supply, and distribution systems.	Delete; see # 662	667	
	Ensure water conservation through education, installations, incentives, and regulations.	Delete – Incorporated into Policy #6	Ensure water conservation through education, incentives, and regulations. GPAC recommendation	668	
	Ensure adequate resources to maintain and improve all public water systems.	Delete – Incorporated into Policy #6	Delete; chapter 9	669	
	Acquire and develop additional sources of potable water.		Acquire and develop additional sources of potable water. GPAC recommendation	670	
	Improve public water system design to increase economical and reliable water delivery.		Delete; see # 662	671	
ACTIONS	Develop and adopt water system design standards to determine adequacy of water supply.		Delete; see chapter 9 CIPS	672	
	Develop programs to increase the efficiency of all water system elements.		Develop programs to increase the efficiency of all water system elements. GPAC recommendation	673	
	Prepare a study comparing the sustainable yields of the East Maui streams and aquifers to the potential needs for these waters.		Moved to # 660	674	
	Develop required infrastructure to utilize reclaimed wastewater.		Delete; see #652, # 665, and # 670	675	

WATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Develop, adopt, and implement a water source development siting standards that implements the MIP Directed Growth Strategies and WUDP.		Develop, adopt, and implement <i>water source development siting standards</i> that implement the MIP Directed Growth Strategies and WUDP. GPAC recommendation	676	
	Revise the County regulations to require high efficiency/ low flow plumbing fixtures in new construction.		Revise County regulations to require high efficiency/ low flow plumbing fixtures in existing structures and new construction.	677	
	Implement aggressive conservation programs to retrofit existing fixtures and buildings.	Delete – Intent unclear – Also covered under Action #6	Delete MPC recommendation	678	
	Identify and develop viable, renewable, energy generation options to serve DWS needs.		Identify and develop renewable energy systems to serve the Department of Water Supply.	679	
	Develop a water rate structure that encourages conservation and discourages the excessive use of water.		Develop a water rate structure that encourages conservation.	680	
	Amend the landscaping regulations to promote water conservation.		Develop xeriscaping regulations to promote water conservation.	681	
	Expand educational programs to promote water conservation, watershed stewardship, and groundwater protection.		Delete; see # 668	682	
OBJ.3	Improve water quality through enhanced resource protection and properly maintained delivery systems.		Improved monitoring of public and private water systems.	683	
POLICIES	Meet or exceed State and Federal water quality standards for drinking water.	Meet or exceed State and Federal water quality standards for <u>public drinking water systems</u> .	Delete; Already law	684	
	Support the preservation, protection, and restoration of watershed.	Delete – in Watershed Sub-Element	See # 171, # 176, # 180, # 167, and # 168 MPC recommendation	685	
	Restore native Hawaiian forests to invite and capture precipitation, retain water to replenish aquifers, maintain base flow in streams, prevent erosion and flooding, and maintain stream water quality.	Delete – In Watershed Sub-Element	Delete; see # 163, and # 164	686	

WATER					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Protect surface and groundwater sources from pollutants.		Delete; see # 141, # 146, and # 150	687	
ACTIONS	Amend County regulations to protect surface and groundwater sources by avoiding, minimizing, and mitigating potential environmental impacts, with strong emphasis on avoidance/minimization respectively.	Delete – in Watershed Sub-Element	Delete; see # 98, # 99, # 128, and # 129	688	
	Actively restore and increase watershed areas by using plants native to the specific area.	Delete – in Watershed Sub-Element	Delete; see # 163, and # 164	689	
	Conduct and adopt a study that identifies degraded forest land and establishes necessary corrective/ restoration measures, as well preventive measures.	Delete – in Watershed Sub-Element	Delete; see #127, # 190, and # 195	690	
	Implement DWS well head protection program to protect the water quality of public and private wells.		Implement DWS well head protection program to protect the water quality of public and private wells. GPAC recommendation	691	
	Improve the monitoring of public and private water quality/quantity and report results to consumers; report water that falls below standards immediately.	Improve the monitoring of public and large private water quality/quantity and report results to consumers; report water that falls below standards immediately.		Delete; see # 683	692

TRANSPORTATION					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
GOAL	<i>Maui will have an interconnected, efficient, and well maintained, multimodal transportation system for all public and commercial users.</i>		<i>An interconnected, efficient, and well maintained, multimodal transportation system.</i>	693	
OBJ.1	More integrated island-wide transportation and land use planning program that reduces congestion and promotes a more efficient (transit-friendly) land use pattern.		More integrated island-wide transportation and land use planning program that reduces congestion and promotes more efficient (transit-friendly) land use patterns. GPAC recommendation	694	
POLICIES	Plan for an integrated multi-modal transportation system comprised of public transit, bicycle, pedestrian, automobile, and other transportation modes.		Plan for an integrated multi-modal transportation system comprised of public transit, bicycle, pedestrian, automobile, and other transportation modes. GPAC recommendation	695	
			Support the establishment of a <i>Metropolitan Planning Organization</i> (MPO).	696	
	Refocus transportation investment from the construction of additional roadways for the automobile to the expansion of a multi-modal transportation system.		Refocus transportation investment from the construction of additional roadways for the automobile to the expansion of a multi-modal transportation system. GPAC recommendation	697	
	Increase inter-agency coordination and improve data sharing among the Count, State, Federal, and other public or private transportation agencies to ensure efficient/effective implementation.		Delete; see chapter 9 CIPS	698	
	Encourage a mix of uses in urban and rural towns, commercial centers, and employment centers to facilitate walking, bicycling, and horseback riding.	Delete – In Directed Growth Element	Delete; see 7.3.2.a-d, 7.3.2.g, and # 695 MPC recommendation	699	
	Encourage self-sufficient communities by directing work-force housing development to job rich/housing deficient areas and ensure necessary community services/facilities are available.	Delete – in Land Use Element	Delete; see 7.3.2.c, # 703, and # 1092 MPC recommendation	700	

TRANSPORTATION					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Encourage additional employment opportunities, commercial, and public facilities within walking distance to housing rich areas to reduce or shorten trips.	Delete – In Directed Growth Element	Delete; see 7.3.2.c and # 703 MPC recommendation	701	
	Promote and facilitate multi-modal movement (e.g. walking, biking, automobile, bus, ferries, and other public transit) within and between regions.	Delete – In Directed Growth Element	Delete; see # 694, # 695, and # 703 MPC recommendation	702	
	Plan for strategically located Transit Oriented Development (TOD) areas along major transit routes to accommodate a mix of uses (residential, retail, office, open space, and public uses) in a walkable environment.	Delete – In Directed Growth Element	Plan for strategically located Transit Oriented Development (TOD) areas along major transit routes to accommodate a mix of uses (residential, retail, office, open space, and public uses) in a walkable environment. GPAC recommendation	703	
ACTIONS	Work with the State to develop, adopt, and regularly update a comprehensive island-wide multi-modal transportation plan.		Delete; chapter 9 CIPS	704	
			Develop an MPO to serve Maui's transportation needs.	705	
	Develop and implement in a timely manner appropriate transportation system management (e.g. synchronization of traffic signals) and transportation demand management programs (e.g. park & ride facilities/ carpooling/vanpooling) in accordance with the Comprehensive Long Range Multi-modal Plan.		Develop and implement appropriate transportation system management and transportation demand management programs.	706	
	Amend zoning and other regulations and provide incentives to implement TOD.		Amend zoning and other regulations and provide incentives to implement <i>TOD</i> . GPAC recommendation	707	
	Revise the Subdivision Ordinance to require developers, where appropriate, to integrate sidewalks, pathways, bikeways, and transit infrastructure into new commercial and residential projects, while enhancing community character.		Revise the Subdivision Ordinance to require developers, where appropriate, to integrate sidewalks, pathways, bikeways, and transit infrastructure into new commercial and residential projects, while enhancing community character. GPAC recommendation	708	
	Develop and implement a public education program to increase drivers' awareness of pedestrians and bicyclists and promote driving safety.	Delete	Delete; part of driver's licensing required MPC recommendation	709	

TRANSPORTATION					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
OBJ. 2	Safer and more efficient, interconnected roadway and pedestrian networks that meet current and future needs.		Safe, interconnected roadway, bicycle, and pedestrian network.	710	
POLICIES	Ensure that the roadway and pedestrian facilities design/level-of-service standards emphasize safety, efficiency, connectivity, and pedestrian comfort.	Ensure that the roadway and pedestrian facilities design/level-of-service standards emphasize safety, efficiency, connectivity, and pedestrian comfort <u>consistent with community plans.</u>	Ensure roadway and pedestrian facilities design and level-of-service standards respect the unique character of our communities.	711	
	Prioritize transportation improvements list to cost-effectively meet existing/future needs consistent with the MIP.		Delete; chapter 9 CIPS	712	
	Require new development, where appropriate, to integrate sidewalks, pathways, bikeways, and transit infrastructure into new commercial and residential projects.	Delete – Covered in Objective #1 and in Land Use Element	Require new development, where appropriate, to integrate sidewalks, pathways, bikeways, and transit infrastructure into new commercial and residential projects. GPAC recommendation	713	
	Ensure that traffic calming principles are incorporated into the street design standards and appropriate measures are applied in appropriate locations to ensure safety.	Ensure that traffic calming principles are incorporated into the street design standards.	Ensure that traffic calming principles are incorporated into street design standards.	714	
	Identify and improve hazardous and substandard sections of roadways and drainage infrastructure.	Identify and improve hazardous and substandard sections of roadways, bridges, and drainage infrastructure.	Identify and improve hazardous and substandard sections of roadways and bridges, provided that the historical integrity of the roads and bridges are protected.	715	
	Ensure concurrency of street and multi-modal transportation improvements with new development.		Delete; chapter 9 CIPS	716	
	Regularly update the bikeway functional plan.		Delete; chapter 9 CIPS	717	
	Encourage employers to implement TDM strategies.		Move to Objective 1 GPAC recommendation	718	
	Encourage utilization of old road remnants in County open space and bikeway/pathway plans.		Identify, acquire, and utilize abandoned right-of-ways for bikeways, pedestrian pathways and open space networks.	719	
T I O	Develop and adopt level-of-service/design standards for roadway, bicycles, and pedestrian systems.		Delete; chapter 9 CIPS	720	

TRANSPORTATION					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Develop a capital improvement plan and implement applicable transportation improvements (Policy 2) in accordance with the MIP and the comprehensive island-wide multi-modal transportation plan.		Delete; chapter 9 CIPS	721	
	Implement the Upcountry Greenway Master Plan (2004), and other approved greenway plans, consistent with the MIP and the County/State transportation plans.		Implement the <i>Upcountry Greenway Master Plan</i> (2004), and other approved greenway plans, consistent with the MIP.	722	
	Require new developments to provide the following: Dedication of rights-of way in accordance with the Maui Long Range Land Transportation Plan or its subsequent updates (comprehensive island-wide multi-modal transportation plan); and Transportation improvements needed for each phase of development at the time prior to or when the development is operational.		Develop and adopt regulations to require developments to dedicate right-of-way consistent with State and County transportation plans.	723	
	Study the feasibility of HOV-lanes approach within major arterials and implement it as feasible.		Study the feasibility of HOV-lanes within or adjacent to major arterials. More appropriate as an action under objective 1	724	
	Regularly optimize traffic signal timing and coordination to reduce travel time and delay.		Optimize traffic signal timing and coordination to reduce travel time and delay. More appropriate as an action under objective 1	725	
	Establish additional park-n-ride facilities in key locations.		Establish additional park-n-ride facilities in key locations. More appropriate as an action under objective 1	726	
	Implement the pedestrian and bikeway plans (current and future) including a network of bikeways that is safe, accessible, continuous, and serve bicyclists' needs.		Implement pedestrian and bikeway plans.	727	
		<u>Rapidly proceed to repair / rebuild bridges that are in danger of failing consistent with community desires.</u>	Delete; see # 715	728	
OBJ.3	An Island-wide multi-modal transportation system that is designed to better respect and enhance the natural environment, scenic views, and community character.		An island-wide multi-modal transportation system that respects and enhances each community's character.	729	

TRANSPORTATION					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
POLICIES	Ensure that roadway alignments and grades compliment the surrounding natural environment and scenic views.		Ensure that roadway and transit alignments respect the natural environment and scenic views.	730	
	Ensure that roadways, particularly in rural areas and small towns, reflect and enhance community character.		Ensure that roadways and transit systems in rural areas and small towns enhance community character.	731	
	Provide adequate right-of-ways to allow for scenic pullouts and passing lanes.		Delete; see # 251, # 254, and # 255	732	
	Establish and protect scenic roadway corridors (see Heritage Scenic Resources section).		Delete; see # 227 - # 235	733	
	Design all transit facilities and supportive infrastructure to contribute to a positive and attractive visual image consistent with Maui's island character and lifestyle.		Design all transit systems to respect visual corridors and Maui's character.	734	
ACTIONS	Adopt and amend County regulations to incorporate design standards for roadways (including scenic designation), transit, and pedestrian facilities that ensure protection/enhancement of the natural/man-made environment (sense of place).	Adopt and amend County regulations to incorporate design standards for roadways (including scenic designation), transit, and pedestrian facilities that ensure protection/enhancement of the natural/man-made environment (sense of place) <u>consistent with community plans.</u>	Adopt and amend County regulations to incorporate design standards for roadways, transit, and pedestrian facilities that ensure protection of the natural environment and each community's sense of place.	735	
	Develop, adopt, and regularly update the mapping of Scenic Corridor Protection standards that implement the recommendations of the Scenic Roadway Corridors Management Plan and Design Guidelines (Refer to Cultural and Scenic Resources Map).		Develop, adopt, and regularly update the mapping of Scenic Corridor Protection standards that implement the recommendations of the Scenic Roadway Corridors Management Plan and Design Guidelines (Refer to <i>Cultural and Scenic Resources Map</i>). GPAC recommendation	736	

TRANSIT					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
GOAL	<i>Maui will have an Island-wide transit system that addresses the mobility needs of residents/visitors and contributes to the development of more sustainable and livable communities.</i>		<i>An island-wide transit system that addresses the needs of residents and visitors and contributes to sustainable and livable communities.</i>	737	
OBJ. 1	An integrated system of transit services, facilities, and infrastructure that better serves the mobility needs of Maui's residents and visitors.		An integrated transit system that better serves the mobility needs of Maui's residents and visitors. GPAC recommendation	738	
POLICIES	Make transit services more accessible, affordable, reliable, and safer to all residents.		Delete; see # 741, # 743, and # 744	739	
	Require the use of minimum acceptable and desired level of service standards for the transit system.		Delete; chapter 9 CIPS	740	
	Maximize access to public transit in town centers, commercial districts, and employment centers.		Maximize access to public transit in town centers, commercial districts, and employment centers. GPAC recommendation	741	
	Provide regional and inter-regional transit services, where appropriate, in heavily traveled corridors and within communities.		Expand regional and inter-regional transit services, where appropriate, in heavily traveled corridors and within communities.	742	
	Increase the frequency of current service, add additional bus routes as demand requires, and transition to non-polluting transit vehicles.		Increase the frequency of current service, add additional bus routes as demand requires, and transition to non-polluting transit vehicles. GPAC recommendation	743	
	Provide adequate transit-supportive infrastructure (e.g. bus pullouts, waiting benches and shelters, signs, etc.) along current and future transit right-of-ways.		Provide adequate transit infrastructure (e.g., bus pullouts, waiting benches and shelters, signs) along current and future transit right-of-ways. GPAC recommendation	744	
	Require new development and communities, where appropriate, to provide both easements and right-of-ways (ROWS) to accommodate transit circulation and supporting facilities.		Require new development where appropriate, to provide <i>right-of-ways</i> (ROWS) to accommodate transit circulation and support facilities. GPAC recommendation	745	
	Identify and protect corridors for future modern non-automobile inter-community transit use.		Identify and protect corridors for future inter-community transit use.	746

Waste-to-Energy Technologies creating energy in the form of electricity or heat from the incineration of waste source.		Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	995	
		Support solar water heating, photovoltaic systems and windmills and improved building design.	Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	996	

ENERGY

ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Partner, where appropriate, in providing funding for developing and installing renewable energy systems.		Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	997	
	Develop outreach and marketing tools which include information about Maui's interest in energy production.		Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	998	
	Amend County codes/procedures to facilitate the construction of energy-related facilities.		Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	999	
	Present Investor and Enterprise Forums focused on energy technologies.		Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	1000	
		Develop plans to establish renewable energy zones at sites of resources; encourage the development of firm power, renewable systems, and economic and food producing systems.	Delete entire objective; redundant with Economic Development, Objective 2 (emerging industries)	1001	

HARBORS AND AIRPORTS

ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
GOAL	<i>Maui will have harbors and airports that will efficiently, dependably and safely facilitate the movement of passengers and cargo.</i>		<i>Maui will have harbors and airports that will efficiently, dependably and safely facilitate the movement of passengers and cargo.</i> GPAC recommendation	1002	
OBJ. 1	Upgraded harbor facilities to handle larger volumes of freight and passengers efficiently, safely, and dependably.		Upgraded harbor facilities to handle larger volumes of freight and passengers and additional small boat harbors.	1003	
POLICIES	Encourage Maui's political leaders and legislators to advocate for Kahului Harbor's essential capital improvements, such as expanding, upgrading , and hardening piers/facilities to accommodate increasing volumes of cargo needed to sustain Maui's growing population and economy.		Support the expansion and upgrade of Kahului Harbor to: a. accommodate increasing volumes of cargo; b. provide deeper pier depths and greater fuels receiving/storing capacities; c. ensure safe and efficient work areas; and d. separate passenger operations from fuel and cargo operations.	1004	
	Encourage the State to provide deeper pier depths and greater fuels receiving/storing capacities to accommodate larger, deep-drafting vessels. [the intent is to reduce frequency of bulk deliveries, provide overall cheaper fuel/energy costs to consumers, and reduce economic losses due to interruptions and delays]		Delete; see # 1004	1005	
	Encourage the State to expand the harbor site to ensure adequate work areas for safe and efficient transporting/handling of cargo, containers, and heavy equipment while not adversely impacting flows of traffic along Hana Highway and Ka`ahumanu and Pu`unene Avenues.		Delete; see # 1004	1006	
	Encourage the State to safely separate passenger (cruise and ferry) operations from hazardous bulk fuels and heavy cargo transporting operations, while not decreasing harbor's capacity to safely support various recreational uses.		Delete; see # 1004	1007	

HARBORS AND AIRPORTS					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Encourage the State to develop cargo inspecting site and facility for efficient cargo and container processing and transporting.	Encourage the State to develop cargo inspecting site and facility for efficient cargo and container processing and transporting and to prevent alien species entry.	Delete; see # 1004	1008	
			Support a State/County task force to study the feasibility of a second commercial harbor on Maui.	1009	
ACTIONS	Work with the State to immediately fund/develop Kahului Harbor expansion and upgrade facilities, as well as hardening piers to efficiently handle increased volumes of cargo/bulk products transported by modern vessels.		Delete; see # 1004	1010	
	Work with the State to immediately fund/develop bulk delivery pier for increasing volumes of fuel/hazardous chemical transfers and enlarge storage capacities to reduce vulnerabilities and take maximum advantage of lower delivery costs available from modern, larger, and deeper drafting vessels/barges.		Delete; see # 1004	1011	
	Work with the State to acquire properties surrounding Kahului Harbor to expand and develop safe/efficient delivery and movement of increased volume of heavy-cargo, container traffic, and less-than-container load shipments.		Delete; see # 1004	1012	
	Actively pursue the State to immediately fund and develop Kahului West Breakwater land with facilities for passenger-vehicle (cruise and ferry) operations, while not impacting recreational uses.		Delete; see # 1004	1013	
	Work with the State to immediately transfer DLNR breakwater land to DOT-Harbor Division to design, fund, and develop cargo/passenger-vehicle processing, as well as recreational support facilities at Kahului Harbor's West Breakwater.		Delete; see # 1004	1014	
	Work with the State to construct a needed alien species inspection facility at the harbor.		Delete; see # 1004	1015	

HARBORS AND AIRPORTS					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
OBJ. 2	Better assessment of the feasibility of a second commercial harbor.		Delete obj. 2, policies, and actions	1016	
POLICIES	Encourage a joint State and County study group to investigate and identify the feasibility of a second Maui commercial harbor.		Delete obj. 2, policies, and actions	1017	
ACTION	Conduct jointly with the State a harbors study to develop recommendations and if feasible, a funding mechanism and design plans for a second commercial harbor.		Delete obj. 2, policies, and actions	1018	
OBJ. 3	Establish more economically thriving and environmentally sensitive small boat harbors accommodating residents/businesses activities including fishing, recreation, and tour boats.		Delete; combine into above objective	1019	
POLICIES	Encourage State, County and private entities to jointly determine sites for pier and shoreline facilities to accommodate recreational and commercial activities.		Work with public and private entities to provide adequate pier slips, utilities, repair facilities, and waste-disposal capabilities. Move to policy under objective 1.	1020	
	Provide for needed shore-side facilities and capabilities to support small boat harbor users, e.g. repair facilities, parking, cold storage, mass transit connections.		Delete; see # 1020	1021	
ACTIONS	Provide boat-owners with adequate pier slips, utilities, repair facilities, waste-disposal capabilities, and yacht berthing/ launch/recovery services.		Delete; see # 1020	1022	
	Develop plans and funding mechanisms to stimulate shore-side improvements to small boat harbors.		Delete; see # 1020	1023	

HARBORS AND AIRPORTS					
ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	Work jointly with State, County, and private entities to regularly report progress on projects and implementing initiatives.		Delete; see Monitoring and Evaluation chapter 10	1024	
OBJ. 4	Upgraded airport facilities to serve the needs of passengers and freight movements.	Upgraded airport facilities and navigation aids to serve the needs of passengers, freight movements, and general aviation.	Upgraded airport facilities and navigation aids to serve the needs of passengers, freight movements, and general aviation. MPC recommendation	1025	
POLICIES	Encourage State, County, and private entities to prepare Kahului airport improvement plans.		Delete; see chapter 9	1026	
	Support efforts to improve Kahului Airport operations to better serve passenger and cargo needs.		Support efforts to improve Kahului Airport operations to better serve passenger and cargo needs. GPAC recommendation	1027	
	Support efforts to identify sites and plan to relocate and accommodate small and rotary wing aircraft.		Support efforts to identify sites and plan to relocate and accommodate small and rotary wing aircraft. GPAC recommendation	1028	
	Encourage the State to improve airport safety including lighting, fuel transmission, fuel safety, etc.		Delete; too broad	1029	
	Increase the use of mass-transit by relocating some of the rental car facilities away from Kahului Airport to locations in West and South Maui.		Delete; see # 759	1030	
	Modernize mass transit (bus, fixed-rail, shuttle, and taxis) to/from Kahului Airport and not limited to passenger movements (allowing for luggage and cargo).	Modernize mass transit (bus, fixed-rail, shuttle, and taxis, bicycle and pedestrian facilities) to/from Kahului Airport and not limited to passenger movements (allowing for luggage and cargo).	Delete; see # 760	1031	
			Encourage the State to maintain airport capacity and to encourage more responsive air services to Hana and Kapalua.	1032	
ACTIONS	Work with the State to expand Kahului Airport's capabilities to safely accommodate more efficient airplanes.		Delete; see # 1034	1033	

HARBORS AND AIRPORTS

ITEM	GPAC	MPC	DIRECTOR	NO.	PLANNING COMMITTEE
	<p>Work with the State and air carriers to achieve the following:</p> <ul style="list-style-type: none"> i. Increase infrastructure investments and improve operating procedures that reduce Kahului Airport's operating costs and increase passenger comfort/ safety; and ii. Implement more efficient and reliable screening/inspecting of passengers, luggage, and cargo. 		<p>Work with the State and Kahului Airport users to:</p> <ul style="list-style-type: none"> a. safely accommodate more efficient airplanes; b. increase infrastructure investments and improve operating procedures; c. implement more efficient and reliable screening/inspecting of passengers, luggage, and cargo; d. identify, and construct airport sites and hangers for small and rotary wing aircraft; e. accommodate mass transit, busses, shuttles, and taxis; and f. beautify the airport grounds and access roads. 	1034	
	Work with the State to study, identify, and construct airport sites for small and rotary wing aircraft.	Work with the State to study, identify, and construct airport sites and hanger for small and rotary wing aircraft.	Delete; see # 1034	1035	
	Work with the State to develop plans that modernize and construct Kahului Airport facilities to accommodate mass transit, busses, shuttles, and taxis.		Delete; see # 1034	1036	
	Work with the State to install at Kahului and other Maui airports renewable power generation to exploit available (solar and wind) energy resources.		Delete; see # 1034	1037	
	Work with the State to beautify the airport grounds and the airport's access roads.		Delete; see # 1034	1038	
		Encourage the State to maintain airport capacity and to encourage more responsive air services to Hana and Kapalua.	Delete; community plan issue	1039
