

Public Works Commission

Maui County Ordinance #4078, enacted on November 1, 2013 consolidated the responsibilities of the Traffic Safety Council, Commission on Naming Streets, Parks and Facilities, the Subdivision Engineering Standards Committee, and the Maui County Outdoor Lighting Standards Committee into one board called the Public Works Commission (PWC).

The Public Works Commission advises, assists, and makes recommendations to the Mayor, the Maui County Council, and the Director of Public Works on matters regarding traffic safety, the naming of streets, parks, and facilities, subdivision engineering standards and specifications, and outdoor lighting.
