IMI PONO

THE GREATEST CHALLENGE

INTRODUCTION

The COVID-19 pandemic managed to cause great havoc in our lives and turn our world upside down. We are faced with high unemployment, business closures and a dramatic rise in public health and safety problems.

As a community, we need to correct this horrible situation by searching for and creating a new direction and new initiatives to reshape and enrich our quality of life (imi pono).

Overdependence on the visitor industry is no longer a viable option. COVID-19 hit this industry so hard it will arguably never be the same, and neither will we.

A survey of Hawaii residents was recently conducted to solicit ideas on what Maui County's "New Normal" should look like. We received promising suggestions and comments. We are now casting a wider net to harness ideas from the untapped minds of our youth.

We ask our youth to join us as we begin to reimagine our new normal and imi pono.

IMAGINE - This pandemic is challenging us to do better, to use our skills, talents, and creative ideas to change and improve the course of our lives. We can do it!
