Subpart C—Eligible Activities

Source: 33 FR 34439, Sept. 6, 1988, unless otherwise noted.

§ 570.200 General policies.

(a) Determination of eligibility. An activity may be assisted in whole or in part with CDBG funds only if all of the following requirements are met:

1. Compliance with section 105 of the Act. Each activity must meet the eligibility requirements of section 105 of the Act as further defined in this subpart.

2. Compliance with national objectives. Grant recipients under the Entitlement and HUD-administered Small Cities programs and recipients of insular area funds under section 106 of the Act must certify that their projected use of funds has been developed so as to give maximum feasible priority to activities which will carry out one of the national objectives of benefit to low- and moderate-income families or aid in the prevention or elimination of slums or blight. The projected use of funds may also include activities that the recipient certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. Consistent with the foregoing, each recipient under the Entitlement and HUD-administered Small Cities programs, and each recipient of insular area funds under section 106 of the Act must ensure and maintain evidence that each of its activities assisted with CDBG funds meets one of the three national objectives as contained in its certification. Criteria for determining whether an activity addresses one or more of these objectives are found in §570.208.

3. Compliance with the primary objective. The primary objective of the Act is described in section 101(c) of the Act. Consistent with this objective, entitlement recipients, non-entitlement CDBG grantees in Hawaii, and recipients of insular area funds under section 106 of the Act must ensure that, over a period of time specified in their certification to not exceed three years, not less than 70 percent of the aggregate of CDBG fund expenditures shall be for activities meeting the criteria under §570.208(a) or under §570.208(d)(5) or (6) for benefiting low- and moderate-income persons. For grants under section 107 of the Act, insular area recipients must meet this requirement for each separate grant. See §570.420(d)(3) for additional discussion of the primary objective requirement for insular areas funded under section 106 of the Act. The requirements for the HUD-administered Small Cities program in New York are at §570.420(d)(2). In determining the percentage of funds expended for such activities:

(i) Cost of administration and planning eligible under §570.205 and §570.206 will be assumed to benefit low and moderate income persons in the same proportion as the remainder of the CDBG funds and, accordingly shall be excluded from the calculation;

(ii) Funds deducted by HUD for repayment of urban renewal temporary loans pursuant to §570.802(b) shall be excluded;

(iii) Funds expended for the repayment of loans guaranteed under the provisions of subpart M shall also be excluded;

(iv) Funds expended for the acquisition, new construction or rehabilitation of property for housing that qualifies under §570.208(a)(3) shall be counted for this purpose but shall be limited to an amount determined by multiplying the total cost (including CDBG and non-CDBG costs) of the acquisition, construction or rehabilitation by the percent of units in such housing to be occupied by low and moderate income persons.

(v) Funds expended for any other activities qualifying under §570.208(a) shall be counted for this purpose in their entirety.

(4) Compliance with environmental review procedures. The environmental review procedures set forth at 24 CFR part 58 must be completed for each activity (or project as defined in 24 CFR part 58), as applicable.

(5) Cost principles. Costs incurred, whether charged on a direct or an indirect basis, must be in conformance
with OMB Circulars A–87, “Cost Principles for State, Local and Indian Tribal Governments”; A–122, “Cost Principles for Non-profit Organizations”; or A–21, “Cost Principles for Educational Institutions,” as applicable. All items of cost listed in Attachment B of these circulars that require prior Federal agency approval are allowable without prior approval of HUD to the extent they comply with the general policies and principles stated in Attachment A of such circulars and are otherwise eligible under this subpart C, except for the following:

(i) Depreciation methods for fixed assets shall not be changed without HUD’s specific approval or, if charged through a cost allocation plan, the Federal cognizant agency.

(ii) Fines and penalties (including punitive damages) are unallowable costs to the CDBG program.

(iii) Pre-award costs are limited to those authorized under paragraph (h) of this section.

(b) Special policies governing facilities. The following special policies apply to:

(1) Facilities containing both eligible and ineligible uses. A public facility otherwise eligible for assistance under the CDBG program may be provided with CDBG funds even if it is part of a multiple-use building containing ineligible uses, if:

(i) The facility which is otherwise eligible and proposed for assistance will occupy a designated and discrete area within the larger facility; and

(ii) The recipient can determine the costs attributable to the facility proposed for assistance as separate and distinct from the overall costs of the multiple-use building and/or facility.

Allowable costs are limited to those attributable to the eligible portion of the building or facility.

(2) Fees for use of facilities. Reasonable fees may be charged for the use of the facilities assisted with CDBG funds, but charges such as excessive membership fees, which will have the effect of precluding low and moderate income persons from using the facilities, are not permitted.

(c) Special assessments under the CDBG program. The following policies relate to special assessments under the CDBG program:

(1) Definition of special assessment. The term “special assessment” means the recovery of the capital costs of a public improvement, such as streets, water or sewer lines, curbs, and gutters, through a fee or charge levied or filed as a lien against a parcel of real estate as a direct result of benefit derived from the installation of a public improvement, or a one-time charge made as a condition of access to a public improvement. This term does not relate to taxes, or the establishment of the value of real estate for the purpose of levying real estate, property, or ad valorem taxes, and does not include periodic charges based on the use of a public improvement, such as water or sewer user charges, even if such charges include the recovery of all or some portion of the capital costs of the public improvement.

(2) Special assessments to recover capital costs. Where CDBG funds are used to pay all or part of the cost of a public improvement, special assessments may be imposed as follows:

(i) Special assessments to recover the CDBG funds may be made only against properties owned and occupied by persons not of low and moderate income. Such assessments constitute program income.

(ii) Special assessments to recover the non-CDBG portion may be made provided that CDBG funds are used to pay the special assessment in behalf of all properties owned and occupied by low and moderate income persons; except that CDBG funds need not be used to pay the special assessments in behalf of properties owned and occupied by moderate income persons if the grant recipient certifies that it does not have sufficient CDBG funds to pay the assessments in behalf of all of the low and moderate income owner-occupant persons. Funds collected through such special assessments are not program income.

(3) Public improvements not initially assisted with CDBG funds. The payment of special assessments with CDBG funds...
constitutes CDBG assistance to the public improvement. Therefore, CDBG funds may be used to pay special assessments provided:

(i) The installation of the public improvements was carried out in compliance with requirements applicable to activities assisted under this part including environmental, citizen participation and Davis-Bacon requirements;

(ii) The installation of the public improvement meets a criterion for national objectives in § 570.208(a)(1), (b), or (c); and

(iii) The requirements of § 570.200(c)(2)(ii) are met.

(d) Consultant activities. Consulting services are eligible for assistance under this part for professional assistance in program planning, development of community development objectives, and other general professional guidance relating to program execution. The use of consultants is governed by the following:

(1) Employer-employee type of relationship. No person providing consultant services in an employer-employee type of relationship shall receive more than a reasonable rate of compensation for personal services paid with CDBG funds. In no event, however, shall such compensation exceed the equivalent of the daily rate paid for Level IV of the Executive Schedule. Such services shall be evidenced by written agreements between the parties which detail the responsibilities, standards, and compensation.

(2) Independent contractor relationship. Consultant services provided under an independent contractor relationship are governed by the procurement requirements in 24 CFR 85.36, and are not subject to the compensation limitation of Level IV of the Executive Schedule.

(e) Recipient determinations required as a condition of eligibility. In several instances under this subpart, the eligibility of an activity depends on a special local determination. Recipients shall maintain documentation of all such determinations. A written determination is required for any activity carried out under the authority of §§ 570.201(f), 570.201(1)(2), 570.201(p), 570.201(q), 570.202(b)(3), 570.206(f), 570.209, 570.210, and 570.309.

(f) Means of carrying out eligible activities. (1) Activities eligible under this subpart, other than those authorized under § 570.204(a), may be undertaken, subject to local law:

(i) By the recipient through:

(A) Its employees, or

(B) Procurement contracts governed by the requirements of 24 CFR 85.36; or

(ii) Through loans or grants under agreements with subrecipients, as defined at § 570.500(c); or

(iii) By one or more public agencies, including existing local public agencies, that are designated by the chief executive officer of the recipient.

(2) Activities made eligible under § 570.204(a) may only be undertaken by entities specified in that section.

(g) Limitation on planning and administrative costs. No more than 20 percent of the sum of any grant, plus program income, shall be expended for planning and program administrative costs, as defined in §§ 570.205 and 570.206, respectively. Recipients of entitlement grants under subpart D of this part shall conform with this requirement by limiting the amount of CDBG funds obligated for planning plus administration during each program year to an amount no greater than 20 percent of the sum of its entitlement grant made for that program year (if any) plus the program income received by the recipient and its subrecipients (if any) during that program year.

(h) Reimbursement for pre-award costs. The effective date of the grant agreement is the program year start date or the date that the consolidated plan is received by HUD, whichever is later. For a Section 108 loan guarantee, the effective date of the grant agreement is the date of HUD execution of the grant agreement amendment for the particular loan guarantee commitment.

(1) Prior to the effective date of the grant agreement, a recipient may incur costs or may authorize a subrecipient to incur costs, and then after the effective date of the grant agreement pay for those costs using its CDBG funds, provided that:

(i) The activity for which the costs are being incurred is included, prior to the costs being incurred, in a consolidated plan action plan, an amended
§ 570.200 24 CFR Ch. V (4–1–12 Edition)

consolidated plan action plan, or an application under subpart M of this part, except that a new entitlement grantee preparing to receive its first allocation of CDBG funds may incur costs necessary to develop its consolidated plan and undertake other administrative actions necessary to receive its first grant, prior to the costs being included in its consolidated plan;

(ii) Citizens are advised of the extent to which these pre-award costs will affect future grants;

(iii) The costs and activities funded are in compliance with the requirements of this part and with the Environmental Review Procedures stated in 24 CFR part 58;

(iv) The activity for which payment is being made complies with the statutory and regulatory provisions in effect at the time the costs are paid for with CDBG funds;

(v) CDBG payment will be made during a time no longer than the next two program years following the effective date of the grant agreement or amendment in which the activity is first included; and

(vi) The total amount of pre-award costs to be paid during any program year pursuant to this provision is no more than the greater of 25 percent of the amount of the grant made for that year or $300,000.

(2) Upon the written request of the recipient, HUD may authorize payment of pre-award costs for activities that do not meet the criteria at paragraph (h)(1)(v) or (h)(1)(vi) of this section, if HUD determines, in writing, that there is good cause for granting an exception upon consideration of the following factors, as applicable:

(i) Whether granting the authority would result in a significant contribution to the goals and purposes of the CDBG program;

(ii) Whether failure to grant the authority would result in undue hardship to the recipient or beneficiaries of the activity;

(iii) Whether granting the authority would not result in a violation of a statutory provision or any other regulatory provision;

(iv) Whether circumstances are clearly beyond the recipient’s control; or

(v) Any other relevant considerations.

(i) Urban Development Action Grant. Grant assistance may be provided with Urban Development Action Grant funds, subject to the provisions of subpart G, for:

(1) Activities eligible for assistance under this subpart; and

(2) Notwithstanding the provisions of §570.207, such other activities as the Secretary may determine to be consistent with the purposes of the Urban Development Action Grant program.

(j) Faith-based activities. (1) Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the CDBG program. Neither the Federal government nor a State or local government receiving funds under CDBG programs shall discriminate against an organization on the basis of the organization’s religious character or affiliation.

(2) Organizations that are directly funded under the CDBG program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization, as part of the programs or services funded under this part. If an organization conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded under this part, and participation must be voluntary for the beneficiaries of the HUD-funded programs or services.

(3) A religious organization that participates in the CDBG program will retain its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not use direct CDBG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide CDBG-funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, a CDBG-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization’s name, select its board members
of a religious basis, and include religious references in its organization’s mission statements and other governing documents.

(4) An organization that participates in the CDBG program shall not, in providing program assistance, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief.

(5) CDBG funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. CDBG funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. Where a structure is used for both eligible and inherently religious activities, CDBG funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to CDBG funds in this part. Sanctuaries, chapels, or other rooms that a CDBG-funded religious congregation uses as its principal place of worship, however, are ineligible for CDBG-funded improvements. Disposition of real property after the term of the grant, or any change in use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (see 24 CFR parts 84 and 85).

(6) If a State or local government voluntarily contributes its own funds to supplement federally funded activities, the State or local government has the option to segregate the Federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

§ 570.201 Basic eligible activities.

CDBG funds may be used for the following activities:

(a) Acquisition. Acquisition in whole or in part by the recipient, or other public or private nonprofit entity, by purchase, long-term lease, donation, or otherwise, of real property (including air rights, water rights, rights-of-way, easements, and other interests therein) for any public purpose, subject to the limitations of § 570.207.

(b) Disposition. Disposition, through sale, lease, donation, or otherwise, of any real property acquired with CDBG funds or its retention for public purposes, including reasonable costs of temporarily managing such property or property acquired under urban renewal, provided that the proceeds from any such disposition shall be program income subject to the requirements set forth in § 570.504.

(c) Public facilities and improvements. Acquisition, construction, reconstruction, rehabilitation or installation of public facilities and improvements, except as provided in § 570.207(a), carried out by the recipient or other public or private nonprofit entities. (However, activities under this paragraph may be directed to the removal of material and architectural barriers that restrict the mobility and accessibility of elderly or severely disabled persons to public facilities and improvements, including those provided for in § 570.207(a)(1).) In undertaking such activities, design features and improvements which promote energy efficiency may be included. Such activities may also include the execution of architectural design features, and similar treatments intended to enhance the aesthetic quality of facilities and improvements receiving CDBG assistance, such as decorative pavements, railings, sculptures, pools of water and fountains, and other works of art. Facilities designed for use in providing shelter for persons having special needs are considered public facilities and not subject to the prohibition of new housing construction described in § 570.207(b)(3). Such facilities include shelters for the homeless; convalescent homes; hospitals, nursing homes; battered spouse shelters; halfway houses for runaway children, drug offenders or parolees; group homes for
mentally retarded persons and temporary housing for disaster victims. In certain cases, nonprofit entities and subrecipients including those specified in §570.204 may acquire title to public facilities. When such facilities are owned by nonprofit entities or subrecipients, they shall be operated so as to be open for use by the general public during all normal hours of operation. Public facilities and improvements eligible for assistance under this paragraph are subject to the policies in §570.200(b).

(d) Clearance and remediation activities. Clearance, demolition, and removal of buildings and improvements, including movement of structures to other sites and remediation of known or suspected environmental contamination. Demolition of HUD-assisted or HUD-owned housing units may be undertaken only with the prior approval of HUD. Remediation may include project-specific environmental assessment costs not otherwise eligible under §570.205.

(e) Public services. Provision of public services (including labor, supplies, and materials) including but not limited to those concerned with employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare (but excluding the provision of income payments identified under §570.207(b)(4)), homebuyer downpayment assistance, or recreational needs. To be eligible for CDBG assistance, a public service must be either a new service or a quantifiable increase in the level of an existing service above that which has been provided by or on behalf of the unit of general local government. Demolition or remediation of HUD-assisted or HUD-owned housing units may be undertaken only with the prior approval of HUD. Remediation may include project-specific environmental assessment costs not otherwise eligible under §570.205.

(1) The following activities may be undertaken on an interim basis in areas exhibiting objectively determinable signs of physical deterioration where the recipient has determined that immediate action is necessary to arrest the deterioration and that permanent improvement will be carried out as soon as practicable:

(1) The amount of CDBG funds used for public services shall not exceed 15 percent of each grant, except that for entitlement grants made under subpart D of this part, the amount shall not exceed 15 percent of the grant plus 15 percent of program income, as defined in §570.500(a). For entitlement grants under subpart D of this part, compliance is based on limiting the amount of CDBG funds obligated for public service activities in each program year to an amount no greater than 15 percent of the entitlement grant made for that program year plus 15 percent of the program income received during the grantee’s immediately preceding program year.

(2) A recipient which obligated more CDBG funds for public services than 15 percent of its grant funded from Federal fiscal year 1982 or 1983 appropriations (excluding program income and any assistance received under Public Law 98–8), may obligate more CDBG funds than allowable under paragraph (e)(1) of this section, so long as the total amount obligated in any program year does not exceed:

(i) For an entitlement grantee, 15% of the program income it received during the preceding program year; plus

(ii) A portion of the grant received for the program year which is the highest of the following amounts:

(A) The amount determined by applying the percentage of the grant it obligated for public services in the 1982 program year against the grant for its current program year;

(B) The amount determined by applying the percentage of the grant it obligated for public services in the 1983 program year against the grant for its current program year;

(C) The amount of funds it obligated for public services in the 1982 program year; or,

(D) The amount of funds it obligated for public services in the 1983 program year.

(f) Interim assistance. (1) The following activities may be undertaken on an interim basis in areas exhibiting objectively determinable signs of physical deterioration where the recipient has determined that immediate action is necessary to arrest the deterioration and that permanent improvement will be carried out as soon as practicable:

(1) The amount of CDBG funds used for public services shall not exceed 15 percent of each grant, except that for entitlement grants made under subpart D of this part, the amount shall not exceed 15 percent of the grant plus 15 percent of program income, as defined in §570.500(a). For entitlement grants under subpart D of this part, compliance is based on limiting the amount of CDBG funds obligated for public service activities in each program year to an amount no greater than 15 percent of the entitlement grant made for that program year plus 15 percent of the program income received during the grantee’s immediately preceding program year.

(2) A recipient which obligated more CDBG funds for public services than 15 percent of its grant funded from Federal fiscal year 1982 or 1983 appropriations (excluding program income and any assistance received under Public Law 98–8), may obligate more CDBG funds than allowable under paragraph (e)(1) of this section, so long as the total amount obligated in any program year does not exceed:

(i) For an entitlement grantee, 15% of the program income it received during the preceding program year; plus

(ii) A portion of the grant received for the program year which is the highest of the following amounts:

(A) The amount determined by applying the percentage of the grant it obligated for public services in the 1982 program year against the grant for its current program year;

(B) The amount determined by applying the percentage of the grant it obligated for public services in the 1983 program year against the grant for its current program year;

(C) The amount of funds it obligated for public services in the 1982 program year; or,

(D) The amount of funds it obligated for public services in the 1983 program year.
(i) The repairing of streets, sidewalks, parks, playgrounds, publicly owned utilities, and public buildings; and

(ii) The execution of special garbage, trash, and debris removal, including neighborhood cleanup campaigns, but not the regular curbside collection of garbage or trash in an area.

(2) In order to alleviate emergency conditions threatening the public health and safety in areas where the chief executive officer of the recipient determines that such an emergency condition exists and requires immediate resolution, CDBG funds may be used for:

(i) The activities specified in paragraph (f)(1) of this section, except for the repair of parks and playgrounds;

(ii) The clearance of streets, including snow removal and similar activities, and

(iii) The improvement of private properties.

(3) All activities authorized under paragraph (f)(2) of this section are limited to the extent necessary to alleviate emergency conditions.

(g) Payment of non-Federal share. Payment of the non-Federal share required in connection with a Federal grant-in-aid program undertaken as part of CDBG activities, provided, that such payment shall be limited to activities otherwise eligible and in compliance with applicable requirements under this subpart.

(h) Urban renewal completion. Payment of the cost of completing an urban renewal project funded under title I of the Housing Act of 1949 as amended. Further information regarding the eligibility of such costs is set forth in §570.801.

(i) Relocation. Relocation payments and other assistance for permanently and temporarily relocated individuals, families, businesses, nonprofit organizations, and farm operations where the assistance is (1) required under the provisions of §570.606 (b) or (c); or (2) determined by the grantee to be appropriate under the provisions of §570.606(d).

(j) Loss of rental income. Payments to housing owners for losses of rental income incurred in holding, for temporary periods, housing units to be used for the relocation of individuals and families displaced by program activities assisted under this part.

(k) Housing services. Housing services, as provided in section 105(a)(21) of the Act (42 U.S.C. 5305(a)(21)).

(l) Privately owned utilities. CDBG funds may be used to acquire, construct, reconstruct, rehabilitate, or install the distribution lines and facilities of privately owned utilities, including the placing underground of new or existing distribution facilities and lines.

(m) Construction of housing. CDBG funds may be used for the construction of housing assisted under section 17 of the United States Housing Act of 1937.

(n) Homeownership assistance. CDBG funds may be used to provide direct homeownership assistance to low- or moderate-income households in accordance with section 105(a) of the Act.

(o)(1) The provision of assistance either through the recipient directly or through public and private organizations, agencies, and other subrecipients (including nonprofit and for-profit subrecipients) to facilitate economic development by:

(i) Providing credit, including, but not limited to, grants, loans, loan guarantees, and other forms of financial support, for the establishment, stabilization, and expansion of microenterprises;

(ii) Providing technical assistance, advice, and business support services to owners of microenterprises and persons developing microenterprises;

(iii) Providing general support, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services to owners of microenterprises and persons developing microenterprises.

(2) Services provided this paragraph (o) shall not be subject to the restrictions on public services contained in paragraph (e) of this section.

(3) For purposes of this paragraph (o), “persons developing microenterprises” means such persons who have expressed interest and who are, or after an initial screening process are expected to be, actively working toward developing businesses, each of which is expected to be a microenterprise at the time it is formed.
(4) Assistance under this paragraph (o) may also include training, technical assistance, or other support services to increase the capacity of the recipient or subrecipient to carry out the activities under this paragraph (o).

(p) **Technical assistance.** Provision of technical assistance to public or nonprofit entities to increase the capacity of such entities to carry out eligible neighborhood revitalization or economic development activities. (The recipient must determine, prior to the provision of the assistance, that the activity for which it is attempting to build capacity would be eligible for assistance under this subpart C, and that the national objective claimed by the grantee for this assistance can reasonably be expected to be met once the entity has received the technical assistance and undertakes the activity.) Capacity building for private or public entities (including grantees) for other purposes may be eligible under §570.205.

(q) **Assistance to institutions of higher education.** Provision of assistance by the recipient to institutions of higher education when the grantee determines that such an institution has demonstrated a capacity to carry out eligible activities under this subpart C.

§ 570.202 **Eligible rehabilitation and preservation activities.**

(a) **Types of buildings and improvements eligible for rehabilitation assistance.** CDBG funds may be used to finance the rehabilitation of:

(1) Privately owned buildings and improvements for residential purposes; improvements to a single-family residential property which is also used as a place of business, which are required in order to operate the business, need not be considered to be rehabilitation of a commercial or industrial building, if the improvements also provide general benefit to the residential occupants of the building;

(2) Low-income public housing and other publicly owned residential buildings and improvements;

(3) Publicly or privately owned commercial or industrial buildings, except that the rehabilitation of such buildings owned by a private for-profit business is limited to improvement to the exterior of the building, abatement of asbestos hazards, lead-based paint hazard evaluation and reduction, and the correction of code violations;

(4) Nonprofit-owned nonresidential buildings and improvements not eligible under §570.201(c); and

(5) Manufactured housing when such housing constitutes part of the community’s permanent housing stock.

(b) **Types of assistance.** CDBG funds may be used to finance the following types of rehabilitation activities, and related costs, either singly, or in combination, through the use of grants, loans, loan guarantees, interest supplements, or other means for buildings and improvements described in paragraph (a) of this section, except that rehabilitation of commercial or industrial buildings is limited as described in paragraph (a)(3) of this section.

(1) Assistance to private individuals and entities, including profit making and nonprofit organizations, to acquire for the purpose of rehabilitation, and to rehabilitate properties, for use or resale for residential purposes;

(2) Labor, materials, and other costs of rehabilitation of properties, including repair directed toward an accumulation of deferred maintenance, replacement of principal fixtures and components of existing structures, installation of security devices, including smoke detectors and dead bolt locks, and renovation through alterations, additions to, or enhancement of existing structures and improvements, abatement of asbestos hazards (and other contaminants) in buildings and improvements that may be undertaken singly, or in combination;

(3) Loans for refinancing existing indebtedness secured by a property being rehabilitated with CDBG funds if such financing is determined by the recipient to be necessary or appropriate to achieve the locality’s community development objectives;
(4) Improvements to increase the efficient use of energy in structures through such means as installation of storm windows and doors, siding, wall and attic insulation, and conversion, modification, or replacement of heating and cooling equipment, including the use of solar energy equipment;

(5) Improvements to increase the efficient use of water through such means as water savings faucets and shower heads and repair of water leaks;

(6) Connection of residential structures to water distribution lines or local sewer collection lines;

(7) For rehabilitation carried out with CDBG funds, costs of:
   (i) Initial homeowner warranty premiums;
   (ii) Hazard insurance premiums, except where assistance is provided in the form of a grant; and
   (iii) Flood insurance premiums for properties covered by the Flood Disaster Protection Act of 1973, pursuant to §570.605.

(8) Costs of acquiring tools to be lent to owners, tenants, and others who will use such tools to carry out rehabilitation;

(9) Rehabilitation services, such as rehabilitation counseling, energy auditing, preparation of work specifications, loan processing, inspections, and other services related to assisting owners, tenants, contractors, and other entities, participating or seeking to participate in rehabilitation activities authorized under this section, under section 312 of the Housing Act of 1964, as amended, under section 810 of the Act, or under section 17 of the United States Housing Act of 1937;

(10) Assistance for the rehabilitation of housing under section 17 of the United States Housing Act of 1937; and

(11) Improvements designed to remove material and architectural barriers that restrict the mobility and accessibility of elderly or severely disabled persons to buildings and improvements eligible for assistance under paragraph (a) of this section.

(c) Code enforcement. Costs incurred for inspection for code violations and enforcement of codes (e.g., salaries and related expenses of code enforcement inspectors and legal proceedings, but not including the cost of correcting the violations) in deteriorating or deteriorated areas when such enforcement together with public or private improvements, rehabilitation, or services to be provided may be expected to arrest the decline of the area.

(d) Historic preservation. CDBG funds may be used for the rehabilitation, preservation or restoration of historic properties, whether publicly or privately owned. Historic properties are those sites or structures that are either listed in or eligible to be listed in the National Register of Historic Places, listed in a State or local inventory of historic places, or designated as a State or local landmark or historic district by appropriate law or ordinance. Historic preservation, however, is not authorized for buildings for the general conduct of government.

(e) Renovation of closed buildings. CDBG funds may be used to renovate closed buildings, such as closed school buildings, for use as an eligible public facility or to rehabilitate such buildings for housing.

(f) Lead-based paint activities. Lead-based paint activities pursuant to §570.606.

§ 570.203 Special economic development activities.

A recipient may use CDBG funds for special economic development activities in addition to other activities authorized in this subpart that may be carried out as part of an economic development project. Guidelines for selecting activities to assist under this section are provided at §570.209. The recipient must ensure that the appropriate level of public benefit will be derived pursuant to those guidelines before obligating funds under this authority. Special activities authorized under this section do not include assistance for the construction of new housing. Activities eligible under this section may include costs associated with project-specific assessment or remediation of known or suspected environmental contamination. Special economic development activities include:
§ 570.204 Special activities by Community-Based Development Organizations (CBDOs).

(a) Eligible activities. The recipient may provide CDBG funds as grants or loans to any CBDO qualified under this section to carry out an activity described in paragraph (b) of this section, provided that the activity meets the definition of CDBG-eligible economic development activities and includes the costs of providing necessary training for persons filling those positions.

(b) Ineligible activities. Notwithstanding that CBDOs may carry out activities directly or through contract with an entity other than the grantee, or through the provision of financial assistance for activities in which it retains a direct and controlling involvement and responsibilities, this section does not authorize:

(1) Carrying out a project that is described as ineligible in § 570.207(a); or

(2) Carrying out public services that do not meet the requirements of § 570.201(e), except that:

(1) Neighborhood revitalization project includes activities of sufficient size and scope to have an impact on the decline of a geographic location within the jurisdiction of a unit of general local government (but not the entire jurisdiction) designated in comprehensive plans, ordinances, or other local documents as a neighborhood, village, or similar geographical designation; or the entire jurisdiction of a unit of general local government which is under 25,000 population;

(2) Community economic development project includes activities that increase economic opportunity, principally for persons of low- and moderate-income, or that stimulate or retain businesses or permanent jobs, including projects that include one or more such activities that are clearly needed to address a lack of affordable housing accessible to existing or planned jobs and those activities specified at 24 CFR 91.1(a)(1)(iii); activities under this paragraph may include costs associated with project-specific assessment or remediation of known or suspected environmental contamination;

(3) Energy conservation project includes activities that address energy conservation, principally for the benefit of the residents of the recipient’s jurisdiction; and

(4) To carry out a project means that the CBDO undertakes the funded activities directly or through contract with an entity other than the grantee, or through the provision of financial assistance for activities in which it retains a direct and controlling involvement and responsibilities.
(i) Services carried out under this section that are specifically designed to increase economic opportunities through job training and placement and other employment support services, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services; and

(ii) Services of any type carried out under this section pursuant to a strategy approved by HUD under the provisions of 24 CFR 91.215(e) shall not be subject to the limitations in §570.201(e)(1) or (2), as applicable:

(3) Providing assistance to activities that would otherwise be eligible under §570.203 that do not meet the requirements of §570.209; or

(4) Carrying out an activity that would otherwise be eligible under §570.205 or §570.206, but that would result in the recipient’s exceeding the spending limitation in §570.200(g).

(c) Eligible CBDOs. (1) A CBDO qualifying under this section is an organization which has the following characteristics:

(i) Is an association or corporation organized under State or local law to engage in community development activities (which may include housing and economic development activities) primarily within an identified geographic area of operation within the jurisdiction of the recipient, or in the case of an urban county, the jurisdiction of the county; and

(ii) Has as its primary purpose the improvement of the physical, economic or social environment of its geographic area of operation by addressing one or more critical problems of the area, with particular attention to the needs of persons of low and moderate income; and

(iii) May be either non-profit or for-profit, provided any monetary profits to its shareholders or members must be only incidental to its operations; and

(iv) Maintains at least 51 percent of its governing body’s membership for low- and moderate-income residents of its geographic area of operation, owners or senior officers of private establishments and other institutions located in and serving its geographic area of operation, or representatives of low- and moderate-income neighborhood organizations located in its geographic area of operation; and

(v) Is not an agency or instrumentality of the recipient and does not permit more than one-third of the membership of its governing body to be appointed by, or to consist of, elected or other public officials or employees or officials of an ineligible entity (even though such persons may be otherwise qualified under paragraph (c)(1)(iv) of this section); and

(vi) Except as otherwise authorized in paragraph (c)(1)(v) of this section, requires the members of its governing body to be nominated and approved by the general membership of the organization, or by its permanent governing body; and

(vii) Is not subject to requirements under which its assets revert to the recipient upon dissolution; and

(viii) Is free to contract for goods and services from vendors of its own choosing.

(2) A CBDO that does not meet the criteria in paragraph (c)(1) of this section may also qualify as an eligible entity under this section if it meets one of the following requirements:

(i) Is an entity organized pursuant to section 301(d) of the Small Business Investment Act of 1958 (15 U.S.C. 661(d)), including those which are profit making; or

(ii) Is an SBA approved Section 501 State Development Company or Section 502 Local Development Company, or an SBA Certified Section 503 Company under the Small Business Investment Act of 1958, as amended; or

(iii) Is a Community Housing Development Organization (CHDO) under 24 CFR 92.2, designated as a CHDO by the HOME Investment Partnerships program participating jurisdiction, with a geographic area of operation of no more than one neighborhood, and has received HOME funds under 24 CFR 92.300 or is expected to receive HOME funds as described in and documented in accordance with 24 CFR 92.300(e).

(3) A CBDO that does not qualify under paragraph (c)(1) or (2) of this section may also be determined to qualify as an eligible entity under this section if the recipient demonstrates to the
§ 570.205 Eligible planning, urban environmental design and policy-planning-management-capacity building activities.

(a) Planning activities which consist of all costs of data gathering, studies, analysis, and preparation of plans and the identification of actions that will implement such plans, including, but not limited to:

(1) Comprehensive plans;
(2) Community development plans;
(3) Functional plans, in areas such as:
   (i) Housing, including the development of a consolidated plan;
   (ii) Land use and urban environmental design;
   (iii) Economic development;
   (iv) Open space and recreation;
   (v) Energy use and conservation;
   (vi) Floodplain and wetlands management in accordance with the requirements of Executive Orders 11988 and 11990;
   (vii) Transportation;
   (viii) Utilities; and
   (ix) Historic preservation.

(5) [Reserved]

(6) Policy—planning—management—capacity building activities which will enable the recipient to:

(1) Determine its needs;
(2) Set long-term goals and short-term objectives, including those related to urban environmental design;
(3) Devise programs and activities to meet these goals and objectives;
(4) Evaluate the progress of such programs and activities in accomplishing these goals and objectives; and
(5) Carry out management, coordination and monitoring of activities necessary for effective planning implementation, but excluding the costs necessary to implement such plans.

§ 570.206 Program administrative costs.

Payment of reasonable administrative costs and carrying charges related to the planning and execution of community development activities assisted in whole or in part with funds provided under this part and, where applicable, housing activities (described in paragraph (g) of this section) covered in the recipient’s housing assistance plan. This does not include staff and overhead costs directly related to carrying out activities eligible under §570.201 through §570.204, since those costs are eligible as part of such activities.
(a) General management, oversight and coordination. Reasonable costs of overall program management, coordination, monitoring, and evaluation. Such costs include, but are not necessarily limited to, necessary expenditures for the following:

1. Salaries, wages, and related costs of the recipient’s staff, the staff of local public agencies, or other staff engaged in program administration. In charging costs to this category the recipient may either include the entire salary, wages, and related costs allocable to the program of each person whose primary responsibilities with regard to the program involve program administration assignments, or the prorata share of the salary, wages, and related costs of each person whose job includes any program administration assignments. The recipient may use only one of these methods during the program year (or the grant period for grants under subpart F). Program administration includes the following types of assignments:

   i. Providing local officials and citizens with information about the program;
   ii. Preparing program budgets and schedules, and amendments thereto;
   iii. Developing systems for assuring compliance with program requirements;
   iv. Developing interagency agreements and agreements with subrecipients and contractors to carry out program activities;
   v. Monitoring program activities for progress and compliance with program requirements;
   vi. Preparing reports and other documents related to the program for submission to HUD;
   vii. Coordinating the resolution of audit and monitoring findings;
   viii. Evaluating program results against stated objectives; and
   ix. Managing or supervising persons whose primary responsibilities with regard to the program include such assignments as those described in paragraph (a)(1)(i) through (viii) of this section.

2. Travel costs incurred for official business in carrying out the program;

3. Administrative services performed under third party contracts or agreements, including such services as general legal services, accounting services, and audit services; and

4. Other costs for goods and services required for administration of the program, including such goods and services as rental or purchase of equipment, insurance, utilities, office supplies, and rental and maintenance (but not purchase) of office space.

(b) Public information. The provisions of information and other resources to residents and citizen organizations participating in the planning, implementation, or assessment of activities being assisted with CDBG funds.

(c) Fair housing activities. Provision of fair housing services designed to further the fair housing objectives of the Fair Housing Act (42 U.S.C. 3601–20) by making all persons, without regard to race, color, religion, sex, national origin, familial status or handicap, aware of the range of housing opportunities available to them; other fair housing enforcement, education, and outreach activities; and other activities designed to further the housing objective of avoiding undue concentrations of assisted persons in areas containing a high proportion of low and moderate income persons.

(d) [Reserved]

(e) Indirect costs. Indirect costs may be charged to the CDBG program under a cost allocation plan prepared in accordance with OMB Circular A–21, A–87, or A–122 as applicable.

(f) Submission of applications for federal programs. Preparation of documents required for submission to HUD to receive funds under the CDBG and UDAG programs. In addition, CDBG funds may be used to prepare applications for other Federal programs where the recipient determines that such activities are necessary or appropriate to achieve its community development objectives.

(g) Administrative expenses to facilitate housing. CDBG funds may be used for necessary administrative expenses in planning or obtaining financing for housing as follows: for entitlement recipients, assistance authorized by this paragraph is limited to units which are identified in the recipient’s HUD approved housing assistance plan; for
HUD-administered small cities recipients, assistance authorized by the paragraph is limited to facilitating the purchase or occupancy of existing units which are to be occupied by low and moderate income households, or the construction of rental or owner units where at least 20 percent of the units in each project will be occupied at affordable rents/costs by low and moderate income persons. Examples of eligible actions are as follows:

1. The cost of conducting preliminary surveys and analysis of market needs;
2. Site and utility plans, narrative descriptions of the proposed construction, preliminary cost estimates, urban design documentation, and “sketch drawings,” but excluding architectural, engineering, and other details ordinarily required for construction purposes, such as structural, electrical, plumbing, and mechanical details;
3. Reasonable costs associated with development of applications for mortgage and insured loan commitments, including commitment fees, and of applications and proposals under the Section 8 Housing Assistance Payments Program pursuant to 24 CFR parts 880–883;
4. Fees associated with processing of applications for mortgage or insured loan commitments under programs including those administered by HUD, Farmers Home Administration (FmHA), Federal National Mortgage Association (FNMA), and the Government National Mortgage Association (GNMA);
5. The cost of issuance and administration of mortgage revenue bonds used to finance the acquisition, rehabilitation or construction of housing, but excluding costs associated with the payment or guarantee of the principal or interest on such bonds; and
6. Special outreach activities which result in greater landlord participation in Section 8 Housing Assistance Payments Program—Existing Housing or similar programs for low and moderate income persons.

(h) **Section 17 of the United States Housing Act of 1937.** Reasonable costs equivalent to those described in paragraphs (a), (b), (e), and (f) of this section for overall program management of the Rental Rehabilitation and Housing Development programs authorized under section 17 of the United States Housing Act of 1937, whether or not such activities are otherwise assisted with funds provided under this part.

(i) Whether or not such activities are otherwise assisted by funds provided under this part, reasonable costs equivalent to those described in paragraphs (a), (b), (e), and (f) of this section for overall program management of:

1. A Federally designated Empowerment Zone or Enterprise Community; and
2. The HOME program under title II of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12701 note).

§ 570.207 **Ineligible activities.**

The general rule is that any activity that is not authorized under the provisions of §§570.201–570.206 is ineligible to be assisted with CDBG funds. This section identifies specific activities that are ineligible and provides guidance in determining the eligibility of other activities frequently associated with housing and community development.

(a) The following activities may not be assisted with CDBG funds:

1. **Buildings or portions thereof, used for the general conduct of government** as defined at §570.3(d) cannot be assisted with CDBG funds. This does not include, however, the removal of architectural barriers under §570.201(c) involving any such building. Also, where acquisition of real property includes an existing improvement which is to be used in the provision of a building for the general conduct of government, the portion of the acquisition cost attributable to the land is eligible, provided such acquisition meets a national objective described in §570.208.
2. **General government expenses.** Except as otherwise specifically authorized in this subpart or under OMB Circular A–87, expenses required to carry out the regular responsibilities of the unit of general local government are not eligible for assistance under this part.
(3) Political activities. CDBG funds shall not be used to finance the use of facilities or equipment for political purposes or to engage in other partisan political activities, such as candidate forums, voter transportation, or voter registration. However, a facility originally assisted with CDBG funds may be used on an incidental basis to hold political meetings, candidate forums, or voter registration campaigns, provided that all parties and organizations have access to the facility on an equal basis, and are assessed equal rent or use charges, if any.

(b) The following activities may not be assisted with CDBG funds unless authorized under provisions of §570.203 or as otherwise specifically noted herein or when carried out by an entity under the provisions of §570.204.

(1) Purchase of equipment. The purchase of equipment with CDBG funds is generally ineligible.

(i) Construction equipment. The purchase of construction equipment is ineligible, but compensation for the use of such equipment through leasing, depreciation, or use allowances pursuant to OMB Circulars A–21, A–87 or A–122 as applicable for an otherwise eligible activity is an eligible use of CDBG funds. However, the purchase of construction equipment for use as part of a solid waste disposal facility is eligible under §570.201(c).

(ii) Fire protection equipment. Fire protection equipment is considered for this purpose to be an integral part of a public facility and thus, purchase of such equipment would be eligible under §570.201(c).

(iii) Furnishings and personal property. The purchase of equipment, fixtures, motor vehicles, furnishings, or other personal property not an integral structural fixture is generally ineligible. CDBG funds may be used, however, to purchase or to pay depreciation or use allowances (in accordance with OMB Circular A–21, A–87 or A–122, as applicable) for such items when necessary for use by a recipient or its sub-recipients in the administration of activities assisted with CDBG funds, or when eligible as fire fighting equipment, or when such items constitute all or part of a public service pursuant to §570.201(e).

(2) Operating and maintenance expenses. The general rule is that any expense associated with repairing, operating or maintaining public facilities, improvements and services is ineligible. Specific exceptions to this general rule are operating and maintenance expenses associated with public service activities, interim assistance, and office space for program staff employed in carrying out the CDBG program. For example, the use of CDBG funds to pay the allocable costs of operating and maintaining a facility used in providing a public service would be eligible under §570.201(e), even if no other costs of providing such a service are assisted with such funds. Examples of ineligible operating and maintenance expenses are:

(i) Maintenance and repair of publicly owned streets, parks, playgrounds, water and sewer facilities, neighborhood facilities, senior centers, centers for persons with a disabilities, parking and other public facilities and improvements. Examples of maintenance and repair activities for which CDBG funds may not be used include the filling of pot holes in streets, repairing of cracks in sidewalks, the mowing of recreational areas, and the replacement of expended street light bulbs; and

(ii) Payment of salaries for staff, utility costs and similar expenses necessary for the operation of public works and facilities.

(3) New housing construction. For the purpose of this paragraph, activities in support of the development of low or moderate income housing including clearance, site assemblage, provision of site improvements and provision of public improvements and certain housing pre-construction costs set forth in §570.206(g), are not considered as activities to subsidize or assist new residential construction. CDBG funds may not be used for the construction of new permanent residential structures or for any program to subsidize or assist such new construction, except:

(i) As provided under the last resort housing provisions set forth in 24 CFR part 42;

(ii) As authorized under §570.201(m) or (n);
§ 570.208 Criteria for national objectives.

The following criteria shall be used to determine whether a CDBG-assisted activity complies with one or more of the national objectives as required under § 570.200(a)(2):

(a) Activities benefiting low- and moderate-income persons. Activities meeting the criteria in paragraph (a)(1), (2), (3), or (4) of this section as applicable, will be considered to benefit low and moderate income persons unless there is substantial evidence to the contrary. In assessing any such evidence, the full range of direct effects of the assisted activity will be considered. (The recipient shall appropriately ensure that activities that meet these criteria do not benefit moderate income persons to the exclusion of low income persons.)

(i) Area benefit activities. (1) An activity, the benefits of which are available to all the residents in a particular area, where at least 51 percent of the residents are low and moderate income persons. Such an area need not be co-terminous with census tracts or other officially recognized boundaries but must be the entire area served by the activity. An activity that serves an area that is not primarily residential in character shall not qualify under this criterion.

(ii) For metropolitan cities and urban counties, an activity that would otherwise qualify under § 570.208(a)(1)(i), except that the area served contains less than 51 percent low- and moderate-income residents, will also be considered to meet the objective of benefiting low- and moderate-income persons where the proportion of such persons in the area is within the highest quartile of all areas in the recipient’s jurisdiction in terms of the degree of concentration of such persons. This exception is inapplicable to non-entitlement CDBG grants in Hawaii. In applying this exception, HUD will determine the lowest proportion a recipient may use to qualify an area for this purpose, as follows:

(A) All census block groups in the recipient’s jurisdiction shall be ranked from the block group of highest proportion of low and moderate income persons to the block group with the lowest. For urban counties, the rank ordering shall cover the entire area constituting the urban county and shall not be done separately for each participating unit of general local government.

(B) In any case where the total number of a recipient’s block groups does not divide evenly by four, the block group which would be fractionally divided between the highest and second quartiles shall be considered to be part of the highest quartile.

(C) The proportion of low and moderate income persons in the last census block group in the highest quartile is 51 percent. Any service area located within the recipient’s jurisdiction and having a proportion of low and moderate income persons at or above this level shall be considered to be within the highest quartile.

(D) If block group data are not available for the entire jurisdiction, other data acceptable to the Secretary may be used in the above calculations.

(iii) An activity to develop, establish, and operate for up to two years after the establishment of, a uniform emergency telephone number system serving an area having less than the percentage of low- and moderate-income residents required under paragraph (a)(1)(i) of this section or (as applicable) paragraph (a)(1)(ii) of this section, provided the recipient obtains prior HUD approval. To obtain such approval, the recipient must:

(A) Demonstrate that the system will contribute significantly to the safety
of the residents of the area. The request for approval must include a list of the emergency services that will participate in the emergency telephone number system;

(B) Submit information that serves as a basis for HUD to determine whether at least 51 percent of the use of the system will be by low- and moderate-income persons. As available, the recipient must provide information that identifies the total number of calls actually received over the preceding 12-month period for each of the emergency services to be covered by the emergency telephone number system and relates those calls to the geographic segment (expressed as nearly as possible in terms of census tracts, block numbering areas, block groups, or combinations thereof that are contained within the segment) of the service area from which the calls were generated. In analyzing this data to meet the requirements of this section, HUD will assume that the distribution of income among the callers generally reflects the income characteristics of the general population residing in the same geographic area where the callers reside. If HUD can conclude that the users have primarily consisted of low- and moderate-income persons, no further submission is needed by the recipient. If a recipient plans to make other submissions for this purpose, it may request that HUD review its planned methodology before expending the effort to acquire the information it expects to use to make its case;

(C) Demonstrate that other Federal funds received by the recipient are insufficient or unavailable for a uniform emergency telephone number system. For this purpose, the recipient must submit a statement explaining whether the lack of funds is due to the insufficiency of the amount of the available funds, restrictions on the use of such funds, or the prior commitment of funds by the recipient for other purposes; and

(D) Demonstrate that the percentage of the total costs of the system paid for by CDBG funds does not exceed the percentage of low- and moderate-income persons in the service area of the system. For this purpose, the recipient must include a description of the boundaries of the service area of the emergency telephone number system, the census divisions that fall within the boundaries of the service area (census tracts or block numbering areas), the total number of persons and the total number of low- and moderate-income persons within each census division, the percentage of low- and moderate-income persons within the service area, and the total cost of the system.

(iv) An activity for which the assistance to a public improvement that provides benefits to all the residents of an area is limited to paying special assessments (as defined in §570.200(c)) levied against residential properties owned and occupied by persons of low and moderate income.

(v) For purposes of determining qualification under this criterion, activities of the same type that serve different areas will be considered separately on the basis of their individual service area.

(vi) In determining whether there is a sufficiently large percentage of low- and moderate-income persons residing in the area served by an activity to qualify under paragraph (a)(1)(i), (ii), or (vii) of this section, the most recently available decennial census information must be used to the fullest extent feasible, together with the section 8 income limits that would have applied at the time the income information was collected by the Census Bureau. Recipients that believe that the census data does not reflect current relative income levels in an area, or where census boundaries do not coincide sufficiently well with the service area of an activity, may conduct (or have conducted) a current survey of the residents of the area to determine the percent of such persons that are low and moderate income. HUD will accept information obtained through such surveys, to be used in lieu of the decennial census data, where it determines that the survey was conducted in such a manner that the results meet standards of statistical reliability that are comparable to that of the decennial census data for areas of similar size. Where there is substantial evidence that provides a clear basis to believe that the use of the decennial census
(vii) Activities meeting the requirements of paragraph (d)(5)(i) of this section may be considered to qualify under this paragraph, provided that the area covered by the strategy is either a Federally-designated Empowerment Zone or Enterprise Community or primarily residential and contains a percentage of low- and moderate-income residents that is no less than the percentage computed by HUD pursuant to paragraph (a)(1)(ii) of this section or 70 percent, whichever is less, but in no event less than 51 percent. Activities meeting the requirements of paragraph (d)(6)(i) of this section may also be considered to qualify under paragraph (a)(1) of this section.

(2) Limited clientele activities. (i) An activity which benefits a limited clientele, at least 51 percent of whom are low- or moderate-income persons. (The following kinds of activities may not qualify under paragraph (a)(2) of this section: activities, the benefits of which are available to all the residents of an area; activities involving the acquisition, construction or rehabilitation of property for housing; or activities where the benefit to low- and moderate-income persons to be considered is the creation or retention of jobs, except as provided in paragraph (a)(2)(iv) of this section.) To qualify under paragraph (a)(2) of this section, the activity must meet one of the following tests:

(A) Benefit a clientele who are generally presumed to be principally low and moderate income persons. Activities that exclusively serve a group of persons in any one or a combination of the following categories may be presumed to benefit persons, 51 percent of whom are low- and moderate-income: abused children, battered spouses, elderly persons, adults meeting the Bureau of the Census’ Current Population Reports definition of “severely disabled,” homeless persons, illiterate adults, persons living with AIDS, and migrant farm workers; or

(B) Require information on family size and income so that it is evident that at least 51 percent of the clientele are persons whose family income does not exceed the low and moderate income limit; or

(C) Have income eligibility requirements which limit the activity exclusively to low and moderate income persons; or

(D) Be of such nature and be in such location that it may be concluded that the activity’s clientele will primarily be low and moderate income persons.

(ii) An activity that serves to remove material or architectural barriers to the mobility or accessibility of elderly persons or of adults meeting the Bureau of the Census’ Current Population Reports definition of “severely disabled” will be presumed to qualify under this criterion if it is restricted, to the extent practicable, to the removal of such barriers by assisting:

(A) The reconstruction of a public facility or improvement, or portion thereof, that does not qualify under paragraph (a)(1) of this section;

(B) The rehabilitation of a privately owned nonresidential building or improvement that does not qualify under paragraph (a)(1) or (4) of this section; or

(C) The rehabilitation of the common areas of a residential structure that contains more than one dwelling unit and that does not qualify under paragraph (a)(3) of this section.

(iii) A microenterprise assistance activity carried out in accordance with the provisions of §570.201(o) with respect to those owners of microenterprises and persons developing microenterprises assisted under the activity during each program year who are low- and moderate-income persons. For purposes of this paragraph, persons determined to be low and moderate income may be presumed to continue to qualify as such for up to a three-year period.

(iv) An activity designed to provide job training and placement and/or other employment support services, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services, in which the percentage of low- and moderate-income persons assisted...
is less than 51 percent may qualify under this paragraph in the following limited circumstance:

(A) In such cases where such training or provision of supportive services assists business(es), the only use of CDBG assistance for the project is to provide the job training and/or supportive services; and

(B) The proportion of the total cost of the project borne by CDBG funds is no greater than the proportion of the total number of persons assisted who are low or moderate income.

(3) Housing activities. An eligible activity carried out for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by low- and moderate-income households. This would include, but not necessarily be limited to, the acquisition or rehabilitation of property by the recipient, a subrecipient, a developer, an individual homebuyer, or an individual homeowner; conversion of nonresidential structures; and new housing construction. If the structure contains two dwelling units, at least one must be so occupied, and if the structure contains more than two dwelling units, at least 51 percent of the units must be so occupied. Where two or more rental buildings being assisted are or will be located on the same or contiguous properties, and the buildings will be under common ownership and management, the grouped buildings may be considered for this purpose as a single structure. Where housing activities being assisted meet the requirements of paragraph 570.208(d)(5)(ii) of this section, all such housing may also be considered for this purpose as a single structure. For rental housing, occupancy by low and moderate income households must be at affordable rents to qualify under this criterion. The recipient shall adopt and make public its standards for determining "affordable rents" for this purpose. The following shall also qualify under this criterion:

(i) For an activity that creates jobs, the recipient must document that at least 51 percent of the jobs will be held by, or will be available to, low- and moderate-income persons.

(ii) For an activity that retains jobs, the recipient must document that the jobs would actually be lost without the CDBG assistance and that either or both of the following conditions apply with respect to at least 51 percent of the jobs at the time the CDBG assistance is provided:

(A) The job is known to be held by a low- or moderate-income person; or

(B) Not less than 20 percent of the units will be occupied by low and moderate income households at affordable rents; and

(C) The proportion of the total cost of developing the project to be borne by CDBG funds is no greater than the proportion of units in the project that will be occupied by low and moderate income households.

(ii) When CDBG funds are used to assist rehabilitation eligible under §570.202(b)(9) or (10) in direct support of the recipient’s Rental Rehabilitation program authorized under 24 CFR part 511, such funds shall be considered to benefit low and moderate income persons where not less than 51 percent of the units assisted, or to be assisted, by the recipient’s Rental Rehabilitation program overall are for low and moderate income persons.

(iii) When CDBG funds are used for housing services eligible under §570.201(k), such funds shall be considered to benefit low- and moderate-income persons if the housing units for which the services are provided are HOME-assisted and the requirements at 24 CFR 92.252 or 92.254 are met.

(4) Job creation or retention activities. An activity designed to create or retain permanent jobs where at least 51 percent of the jobs, computed on a full time equivalent basis, involve the employment of low- and moderate-income persons. To qualify under this paragraph, the activity must meet the following criteria:

(i) For an activity that creates jobs, the recipient must document that at least 51 percent of the jobs will be held by, or will be available to, low- and moderate-income persons.

(ii) For an activity that retains jobs, the recipient must document that the jobs would actually be lost without the CDBG assistance and that either or both of the following conditions apply with respect to at least 51 percent of the jobs at the time the CDBG assistance is provided:

(A) The job is known to be held by a low- or moderate-income person; or
| § 570.208 | 24 CFR Ch. V (4–1–12 Edition) |

(B) The job can reasonably be expected to turn over within the following two years and that steps will be taken to ensure that it will be filled by, or made available to, a low- or moderate-income person upon turnover.

(iii) Jobs that are not held or filled by a low- or moderate-income person may be considered to be available to low- and moderate-income persons for these purposes only if:

(A) Special skills that can only be acquired with substantial training or work experience or education beyond high school are not a prerequisite to fill such jobs, or the business agrees to hire unqualified persons and provide training; and

(B) The recipient and the assisted business take actions to ensure that low- and moderate-income persons receive first consideration for filling such jobs.

(iv) For purposes of determining whether a job is held by or made available to a low- or moderate-income person, the person may be presumed to be a low- or moderate-income person if:

(A) He/she resides within a census tract (or block numbering area) that either:

(1) Meets the requirements of paragraph (a)(4)(v) of this section; or

(2) Has at least 70 percent of its residents who are low- and moderate-income persons; or

(B) The assisted business is located within a census tract (or block numbering area) that meets the requirements of paragraph (a)(4)(v) of this section and the job under consideration is to be located within that census tract.

(v) A census tract (or block numbering area) qualifies for the presumptions permitted under paragraphs (a)(4)(iv)(A)(i) and (B) of this section if it is either part of a Federally-designated Empowerment Zone or Enterprise Community or meets the following criteria:

(A) It has a poverty rate of at least 20 percent as determined by the most recently available decennial census information;

(B) It does not include any portion of a central business district, as this term is used in the most recent Census of Retail Trade, unless the tract has a poverty rate of at least 30 percent as determined by the most recently available decennial census information; and

(C) It evidences pervasive poverty and general distress by meeting at least one of the following standards:

(1) All block groups in the census tract have poverty rates of at least 20 percent;

(2) The specific activity being undertaken is located in a block group that has a poverty rate of at least 20 percent; or

(3) Upon the written request of the recipient, HUD determines that the census tract exhibits other objectively determinable signs of general distress such as high incidence of crime, narcotics use, homelessness, abandoned housing, and deteriorated infrastructure or substantial population decline.

(vi) As a general rule, each assisted business shall be considered to be a separate activity for purposes of determining whether the activity qualifies under this paragraph, except:

(A) In certain cases such as where CDBG funds are used to acquire, develop or improve a real property (e.g., a business incubator or an industrial park) the requirement may be met by measuring jobs in the aggregate for all the businesses which locate on the property, provided such businesses are not otherwise assisted by CDBG funds.

(B) Where CDBG funds are used to pay for the staff and overhead costs of an entity making loans to businesses exclusively from non-CDBG funds, this requirement may be met by aggregating the jobs created by all of the businesses receiving loans during each program year.

(C) Where CDBG funds are used by a recipient or subrecipient to provide technical assistance to businesses, this requirement may be met by aggregating the jobs created or retained by all of the businesses receiving technical assistance during each program year.

(D) Where CDBG funds are used for activities meeting the criteria listed at §570.209(b)(2)(v), this requirement may be met by aggregating the jobs created or retained by all businesses for which CDBG assistance is obligated for such
activities during the program year, except as provided at paragraph (d)(7) of this section.

(E) Where CDBG funds are used by a Community Development Financial Institution to carry out activities for the purpose of creating or retaining jobs, this requirement may be met by aggregating the jobs created or retained by all businesses for which CDBG assistance is obligated for such activities during the program year, except as provided at paragraph (d)(7) of this section.

(F) Where CDBG funds are used for public facilities or improvements which will result in the creation or retention of jobs by more than one business, this requirement may be met by aggregating the jobs created or retained by all such businesses as a result of the public facility or improvement.

(i) Where the public facility or improvement is undertaken principally for the benefit of one or more particular businesses, but where other businesses might also benefit from the assisted activity, the requirement may be met by aggregating only the jobs created or retained by those businesses for which the facility/improvement is principally undertaken, provided that the cost (in CDBG funds) for the facility/improvement is less than $10,000 per permanent full-time equivalent job to be created or retained by those businesses.

(ii) In any case where the cost per job to be created or retained (as determined under paragraph (a)(4)(vi)(F)(i) of this section) is $10,000 or more, the requirement must be met by aggregating the jobs created or retained by all businesses in the service area of the facility/improvement. This aggregation must include businesses which, as a result of the public facility/improvement, locate or expand in the service area of the facility/improvement between the date the recipient identifies the activity in its action plan under part 91 of this title and the date one year after the physical completion of the facility/improvement. In addition, the assisted activity must comply with the public benefit standards at §570.209(b).

(b) Activities which aid in the prevention or elimination of slums or blight. Activities meeting one or more of the following criteria, in the absence of substantial evidence to the contrary, will be considered to aid in the prevention or elimination of slums or blight:

(1) Activities to address slums or blight on an area basis. An activity will be considered to address prevention or elimination of slums or blight in an area if:

(i) The area, delineated by the recipient, meets a definition of a slum, blighted, deteriorated or deteriorating area under State or local law;

(ii) The area also meets the conditions in either paragraph (A) or (B):

(A) At least 25 percent of properties throughout the area experience one or more of the following conditions:

(1) Physical deterioration of buildings or improvements;

(2) Abandonment of properties;

(3) Chronic high occupancy turnover rates or chronic high vacancy rates in commercial or industrial buildings;

(4) Significant declines in property values or abnormally low property values relative to other areas in the community; or

(5) Known or suspected environmental contamination.

(B) The public improvements throughout the area are in a general state of deterioration.

(iii) Documentation is to be maintained by the recipient on the boundaries of the area and the conditions and standards used that qualified the area at the time of its designation. The recipient shall establish definitions of the conditions listed at §570.208(b)(1)(ii)(A), and maintain records to substantiate how the area met the slums or blighted criteria. The designation of an area as slum or blighted under this section is required to be redetermined every 10 years for continued qualification. Documentation must be retained pursuant to the recordkeeping requirements contained at §570.506 (b)(8)(ii).

(iv) The assisted activity addresses one or more of the conditions which contributed to the deterioration of the area. Rehabilitation of residential
buildings carried out in an area meeting the above requirements will be considered to address the area's deterioration only where each such building rehabilitated is considered substandard under local definition before rehabilitation, and all deficiencies making a building substandard have been eliminated if less critical work on the building is undertaken. At a minimum, the local definition for this purpose must be such that buildings that it would render substandard would also fail to meet the housing quality standards for the Section 8 Housing Assistance Payments Program-Existing Housing (24 CFR 882.109).

(2) Activities to address slums or blight on a spot basis. The following activities may be undertaken on a spot basis to eliminate specific conditions of blight, physical decay, or environmental contamination that are not located in a slum or blighted area: acquisition; clearance; relocation; historic preservation; remediation of environmentally contaminated properties; or rehabilitation of buildings or improvements. However, rehabilitation must be limited to eliminating those conditions that are detrimental to public health and safety. If acquisition or relocation is undertaken, it must be a precursor to another eligible activity (funded with CDBG or other resources) that directly eliminates the specific conditions of blight or physical decay, or environmental contamination.

(3) Activities to address slums or blight in an urban renewal area. An activity will be considered to address prevention or elimination of slums or blight in an urban renewal area if the activity is:

(i) Located within an urban renewal project area or Neighborhood Development Program (NDP) action area; i.e., an area in which funded activities were authorized under an urban renewal Loan and Grant Agreement or an annual NDP Funding Agreement, pursuant to title I of the Housing Act of 1949; and

(ii) Necessary to complete the urban renewal plan, as then in effect, including initial land redevelopment permitted by the plan.

Note: Despite the restrictions in (b)(1) and (2) of this section, any rehabilitation activity which benefits low and moderate income persons pursuant to paragraph (a)(3) of this section can be undertaken without regard to the area in which it is located or the extent or nature of rehabilitation assisted.

(c) Activities designed to meet community development needs having a particular urgency. In the absence of substantial evidence to the contrary, an activity will be considered to address this objective if the recipient certifies that the activity is designed to alleviate existing conditions which pose a serious and immediate threat to the health or welfare of the community which are of recent origin or which recently became urgent, that the recipient is unable to finance the activity on its own, and that other sources of funding are not available. A condition will generally be considered to be of recent origin if it developed or became critical within 18 months preceding the certification by the recipient.

(d) Additional criteria. (1) Where the assisted activity is acquisition of real property, a preliminary determination of whether the activity addresses a national objective may be based on the planned use of the property after acquisition. A final determination shall be based on the actual use of the property, excluding any short-term, temporary use. Where the acquisition is for the purpose of clearance which will eliminate specific conditions of blight or physical decay, the clearance activity shall be considered the actual use of the property. However, any subsequent use or disposition of the cleared property shall be treated as a “change of use” under §570.505.

(2) Where the assisted activity is relocation assistance that the recipient is required to provide, such relocation assistance shall be considered to address the same national objective as is addressed by the displacing activity. Where the relocation assistance is voluntary on the part of the grantee the recipient may qualify the assistance either on the basis of the national objective addressed by the displacing activity or on the basis that the recipients of the relocation assistance are low and moderate income persons.

(3) In any case where the activity undertaken for the purpose of creating or retaining jobs is a public improvement
and the area served is primarily residential, the activity must meet the requirements of paragraph (a)(1) of this section as well as those of paragraph (a)(4) of this section in order to qualify as benefiting low and moderate income persons.

(4) CDBG funds expended for planning and administrative costs under §570.205 and §570.206 will be considered to address the national objectives.

(5) Where the grantee has elected to prepare a area revitalization strategy pursuant to the authority of §91.215(e) of this title and HUD has approved the strategy, the grantee may also elect the following options:

(i) Activities undertaken to the strategy for the purpose of creating or retaining jobs may, at the option of the grantee, be considered to meet the requirements of this paragraph under the criteria at paragraph (a)(1)(vii) of this section in lieu of the criteria at paragraph (a)(4) of this section; and

(ii) All housing activities in the area for which, pursuant to the strategy, CDBG assistance is obligated during the program year may be considered to be a single structure for purposes of applying the criteria at paragraph (a)(3) of this section.

(6) Where CDBG-assisted activities are carried out by a Community Development Financial Institution whose charter limits its investment area to a primarily residential area consisting of at least 51 percent low- and moderate-income persons, the grantee may also elect the following options:

(i) Activities carried out by the Community Development Financial Institution for the purpose of creating or retaining jobs may, at the option of the grantee, be considered to meet the requirements of this paragraph under the criteria at paragraph (a)(1)(vii) of this section in lieu of the criteria at paragraph (a)(4) of this section; and

(ii) All housing activities for which the Community Development Financial Institution obligates CDBG assistance during the program year may be considered to be a single structure for purposes of applying the criteria at paragraph (a)(3) of this section.

(7) Where an activity meeting the criteria at §570.209(b)(2)(v) may also meet the requirements of either paragraph (d)(5)(i) or (d)(6)(i) of this section, the grantee may elect to qualify the activity under either the area benefit criteria at paragraph (a)(1)(vii) of this section or the job aggregation criteria at paragraph (a)(4)(vi)(D) of this section, but not both. Where an activity may meet the job aggregation criteria at both paragraphs (a)(4)(vi)(D) and (E) of this section, the grantee may elect to qualify the activity under either criterion, but not both.

§570.209 Guidelines for evaluating and selecting economic development projects.

The following guidelines are provided to assist the recipient to evaluate and select activities to be carried out for economic development purposes. Specifically, these guidelines are applicable to activities that are eligible for CDBG assistance under §570.203. These guidelines also apply to activities carried out under the authority of §570.204 that would otherwise be eligible under §570.203, were it not for the involvement of a Community-Based Development Organization (CBDO). (This would include activities where a CBDO makes loans to for-profit businesses.) These guidelines are composed of two components: guidelines for evaluating project costs and financial requirements; and standards for evaluating public benefit. The standards for evaluating public benefit are mandatory, but the guidelines for evaluating projects costs and financial requirements are not.

(a) Guidelines and objectives for evaluating project costs and financial requirements. HUD has developed guidelines that are designed to provide the recipient with a framework for financially underwriting and selecting CDBG-assisted economic development projects which are financially viable and will make the most effective use of the CDBG funds. These guidelines, also referred to as the underwriting guidelines published by HUD is not...
mandatory. However, grantees electing not to use these guidelines would be expected to conduct basic financial underwriting prior to the provision of CDBG financial assistance to a for-profit business. Where appropriate, HUD’s underwriting guidelines recognize that different levels of review are appropriate to take into account differences in the size and scope of a proposed project, and in the case of a microenterprise or other small business to take into account the differences in the capacity and level of sophistication among businesses of differing sizes. Recipients are encouraged, when they develop their own programs and underwriting criteria, to also take these factors into account. The objectives of the underwriting guidelines are to ensure:

1. That project costs are reasonable;
2. That all sources of project financing are committed;
3. That to the extent practicable, CDBG funds are not substituted for non-Federal financial support;
4. That the project is financially feasible;
5. That to the extent practicable, the return on the owner’s equity investment will not be unreasonably high; and
6. That to the extent practicable, CDBG funds are disbursed on a pro rata basis with other finances provided to the project.

(b) Standards for evaluating public benefit. The grantee is responsible for making sure that at least a minimum level of public benefit is obtained from the expenditure of CDBG funds under the categories of eligibility governed by these guidelines. The standards set forth below identify the types of public benefit that will be recognized for this purpose and the minimum level of each that must be obtained for the amount of CDBG funds used. Unlike the guidelines for project costs and financial requirements covered under paragraph (a) of this section, the use of the standards for public benefit is mandatory. Certain public facilities and improvements eligible under §570.201(c) of the regulations, which are undertaken for economic development purposes, are also subject to these standards, as specified in §570.208(a)(4)(vi)(F)(2).

1. Standards for activities in the aggregate. Activities covered by these guidelines must, in the aggregate, either:
   (i) Create or retain at least one full-time equivalent, permanent job per $35,000 of CDBG funds used; or
   (ii) Provide goods or services to residents of an area, such that the number of low- and moderate-income persons residing in the areas served by the assisted businesses amounts to at least one low- and moderate-income person per $350 of CDBG funds used.

2. Applying the aggregate standards. (i) A metropolitan city, an urban county, a non-entitlement CDBG grantee in Hawaii, or an Insular Area shall apply the aggregate standards under paragraph (b)(1) of this section to all applicable activities for which CDBG funds are first obligated within each single CDBG program year, without regard to the source year of the funds used for the activities. For Insular Areas, the preceding sentence applies to grants received in program years after Fiscal Year 2004. A grantee under the HUD-administered Small Cities Program, or Insular Areas CDBG grants prior to Fiscal Year 2005, shall apply the aggregate standards under paragraph (b)(1) of this section to all funds obligated for applicable activities from a given grant; program income obligated for applicable activities will, for these purposes, be aggregated with the most recent open grant. For any time period in which a community has no open HUD-administered or Insular Areas grants, the aggregate standards shall be applied to all applicable activities for which program income is obligated during that period.
   (ii) The grantee shall apply the aggregate standards to the number of jobs to be created/retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.
   (iii) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, the grantee may elect to count the activity under either the jobs standard or the area residents standard, but not both.
   (iv) Where CDBG assistance for an activity is limited to job training and
placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the aggregate standards.

(v) Any activity subject to these guidelines which meets one or more of the following criteria may, at the grantee’s option, be excluded from the aggregate standards described in paragraph (b)(1) of this section:

(A) Provides jobs exclusively for unemployed persons or participants in one or more of the following programs:

(1) Jobs Training Partnership Act (JTPA);

(2) Jobs Opportunities for Basic Skills (JOBS); or

(3) Aid to Families with Dependent Children (AFDC);

(B) Provides jobs predominantly for residents of Public and Indian Housing units;

(C) Provides jobs predominantly for homeless persons;

(D) Provides jobs predominantly for low-skilled, low- and moderate-income persons, where the business agrees to provide clear opportunities for promotion and economic advancement, such as through the provision of training;

(E) Provides jobs predominantly for persons residing within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;

(F) Provides assistance to businesses that operate(s) within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;

(G) Stabilizes or revitalizes a neighborhood that has at least 70 percent of its residents who are low- and moderate-income;

(H) Provides assistance to a Community Development Financial Institution that serve an area that is predominantly low- and moderate-income persons;

(I) Provides assistance to a Community-Based Development Organization serving a neighborhood that has at least 70 percent of its residents who are low- and moderate-income;

(J) Provides employment opportunities that are an integral component of a project designed to promote spatial deconcentration of low- and moderate-income and minority persons;

(K) With prior HUD approval, provides substantial benefit to low-income persons through other innovative approaches;

(L) Provides services to the residents of an area pursuant to a strategy approved by HUD under the provisions of §91.215(e) of this title;

(M) Creates or retains jobs through businesses assisted in an area pursuant to a strategy approved by HUD under the provisions of §91.215(e) of this title;

(N) Directly involves the economic development or redevelopment of environmentally contaminated properties.

(3) Standards for individual activities. Any activity subject to these guidelines which falls into one or more of the following categories will be considered by HUD to provide insufficient public benefit, and therefore may under no circumstances be assisted with CDBG funds:

(i) The amount of CDBG assistance exceeds either of the following, as applicable:

(A) $50,000 per full-time equivalent, permanent job created or retained; or

(B) $1,000 per low- and moderate-income person to which goods or services are provided by the activity.

(ii) The activity consists of or includes any of the following:

(A) General promotion of the community as a whole (as opposed to the promotion of specific areas and programs);

(B) Assistance to professional sports teams;

(C) Assistance to privately-owned recreational facilities that serve a predominantly higher-income clientele, where the recreational benefit to users or members clearly outweighs employment or other benefits to low- and moderate-income persons;

(D) Acquisition of land for which the specific proposed use has not yet been identified; and

(E) Assistance to a for-profit business while that business or any other business owned by the same person(s) or entity(ies) is the subject of unresolved findings of noncompliance relating to previous CDBG assistance provided by the recipient.
§ 570.210 Prohibition on use of assistance for employment relocation activities.

(a) Prohibition. CDBG funds may not be used to directly assist a business, including a business expansion, in the relocation of a plant, facility, or operation from one LMA to another LMA if the relocation is likely to result in a significant loss of jobs in the LMA from which the relocation occurs.

(b) Definitions. The following definitions apply to this section:

(1) Directly assist. Directly assist means the provision of CDBG funds for activities pursuant to:

(i) § 570.203(b); or

(ii) §§ 570.201(a)–(d), 570.201(1), 570.203(a), or § 570.204 when the grantee, subrecipient, or, in the case of an activity carried out pursuant to § 570.204, a Community Based Development Organization (CDBO) enters into an agreement with a business to undertake one or more of these activities as a condition of the business relocating a facility, plant, or operation to the grantee’s LMA. Provision of public facilities and indirect assistance that will provide benefit to multiple businesses does not fall under the definition of “directly assist.” unless it includes the provision of infrastructure.
63

Ofc. of Asst. Secy., Comm. Planning, Develop., HUD § 570.210
to aid a specific business that is the subject of an agreement with the specific assisted business.

(2) Labor market area (LMA). For metropolitan areas, an LMA is an area defined as such by the BLS. An LMA is an economically integrated geographic area within which individuals can live and find employment within a reasonable distance or can readily change employment without changing their place of residence. In addition, LMAs are nonoverlapping and geographically exhaustive. For metropolitan areas, LMAs must be used employment data, as defined by the BLS, for the LMA in which the affected business is currently located and from which current jobs may be lost. For non-metropolitan areas, an LMA is either an area defined by the BLS as an LMA, or a state may choose to combine non-metropolitan LMAs. States are required to define or reaffirm prior definitions of their LMAs on an annual basis and retain records to substantiate such areas prior to any business relocation that would be impacted by this rule. Metropolitan LMAs cannot be combined, nor can a non-metropolitan LMA be combined with a metropolitan LMA. For the HUD-administered Small Cities Program, each of the three participating counties in Hawaii will be considered to be its own LMA. Recipients of Fiscal Year 1999 Small Cities Program funding in New York will follow the requirements for State CDBG recipients.

(3) Operation. A business operation includes, but is not limited to, any equipment, employment opportunity, production capacity or product line of the business.

(4) Significant loss of jobs. (i) A loss of jobs is significant if: The number of jobs to be lost in the LMA in which the affected business is currently located is equal to or greater than one-tenth of one percent of the total number of persons in the labor force of that LMA; or in all cases, a loss of 500 or more jobs. Notwithstanding the aforementioned, a loss of 25 jobs or fewer does not constitute a significant loss of jobs.

(ii) A job is considered to be lost due to the provision of CDBG assistance if the job is relocated within three years of the provision of assistance to the business; or the time period within which jobs are to be created as specified by the agreement between the business and the recipient if it is longer than three years.

(c) Written agreement. Before directly assisting a business with CDBG funds, the recipient, subrecipient, or a CDBO (in the case of an activity carried out pursuant to §570.204) shall sign a written agreement with the assisted business. The written agreement shall include:

(1) Statement. A statement from the assisted business as to whether the assisted activity will result in the relocation of any industrial or commercial plant, facility, or operation from one LMA to another, and, if so, the number of jobs that will be relocated from each LMA:

(2) Required information. If the assistance will not result in a relocation covered by this section, a certification from the assisted business that neither it, nor any of its subsidiaries, has plans to relocate jobs at the time the agreement is signed that would result in a significant job loss as defined in this rule; and

(3) Reimbursement of assistance. The agreement shall provide for reimbursement of any assistance provided to, or expended on behalf of, the business in the event that assistance results in a relocation prohibited under this section.

(d) Assistance not covered by this section. This section does not apply to:

(1) Relocation assistance. Relocation assistance required by the Uniform Assistance and Real Property Acquisition Policies Act of 1970, (URA) (42 U.S.C. 4601–4655);

(2) Microenterprises. Assistance to microenterprises as defined by Section 102(a)(22) of the Housing and Community Development Act of 1974; and

(3) Arms-length transactions. Assistance to a business that purchases business equipment, inventory, or other physical assets in an arms-length transaction, including the assets of an existing business, provided that the purchase does not result in the relocation of the sellers' business operation (including customer base or list, goodwill, product lines, or trade names) from one LMA to another LMA and
§ 570.300  General.

This subpart describes the policies and procedures governing the making of community development block grants to entitlement communities and to non-entitlement counties in the State of Hawaii. The policies and procedures set forth in subparts A, C, J, K, and O of this part also apply to entitlement grantees and to non-entitlement grantees in the State of Hawaii. Sections 570.307 and 570.308 of this subpart do not apply to the Hawaii non-entitlement grantees.

[72 FR 46370, Aug. 17, 2007]

§ 570.301  Activity locations and float-funding.

The consolidated plan, action plan, and amendment submission requirements referred to in this section are those in 24 CFR part 91.

(a) For activities for which the grantee has not yet decided on a specific location, such as when the grantee is allocating an amount of funds to be used for making loans or grants to businesses or for residential rehabilitation, the description in the action plan or any amendment shall identify who may apply for the assistance, the process by which the grantee expects to select who will receive the assistance (including selection criteria), and how much and under what terms the assistance will be provided, or in the case of a planned public facility or improvement, how it expects to determine its location.

(b) Float-funded activities and guarantees. A recipient may use undisbursed funds in the line of credit and its CDBG program account that are budgeted in statements or action plans for one or more other activities that do not need the funds immediately, subject to the limitations described below. Such funds shall be referred to as the “float” for purposes of this section and the action plan. Each activity carried out using the float must meet all of the same requirements that apply to CDBG-assisted activities generally, and must be expected to produce program income in an amount at least equal to the amount of the float so used. Whenever the recipient proposes to fund an activity with the float, it must include the activity in its action plan or amend the action plan for the current program year. For purposes of this section, an activity that uses such funds will be called a “float-funded activity.”

(1) Each float-funded activity must be individually listed and described as such in the action plan.

(2)(i) The expected time period between obligation of assistance for a float-funded activity and receipt of program income in an amount at least equal to the full amount drawn from the float to fund the activity may not exceed 2.5 years. An activity from which program income sufficient to recover the full amount of the float assistance is expected to be generated more than 2.5 years after obligation may not be funded from the float, but may be included in an action plan if it is funded from CDBG funds other than the float (e.g., grant funds or proceeds from an approved Section 108 loan guarantee).

(ii) Any extension of the repayment period for a float-funded activity shall be considered to be a new float-funded activity for these purposes and may be implemented by the grantee only if the extension is made subject to the same limitations and requirements as apply to a new float-funded activity.

(3) Unlike other projected program income, the full amount of income expected to be generated by a float-funded activity must be shown as a source of program income in the action plan containing the activity, whether or not some or all of the income is expected to be received in a future program year (in accordance with 24 CFR 91.220(g)(1)(1)(D)).

(4) The recipient must also clearly declare in the action plan that identifies the float-funded activity the recipient’s commitment to undertake one of the following options:
