

# PROJECT ADVISORY COMMITTEE MEETING COMMENTS

## APRIL 23, 2019 PAC MEETING

### CONCEPT PLAN A BALDWIN BEACH PARK - PĀ'IA, MAUI

#### OVERALL CONCEPT COMMENTS:

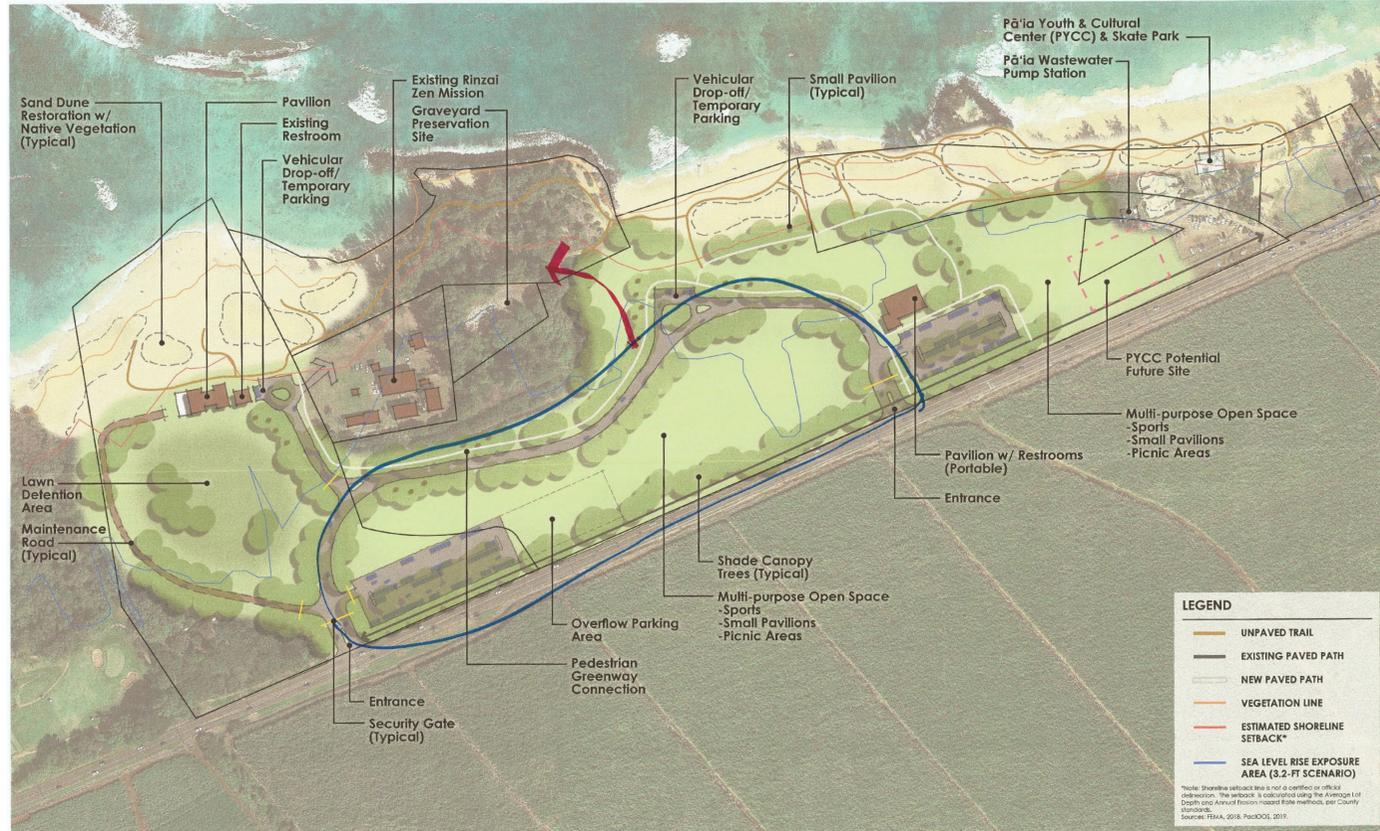

##### Things the PAC liked:

- Small pavilions (similar to those at Wahikuli Wayside Park)
- Large pavilions (100 persons capacity)
- Green edge along shoreline
- Open greenspaces with field space for sports
- Camping area with a camping management plan

##### Things the PAC would like to see:

- Parking lot reduction (reduce size and number of stalls)
- Locate parking further east towards Pā'ia Park
- Standalone parking lot for PYCC and Lower Pā'ia Park
- One-way road with parallel parking along road
- Incorporate improvements to Lower Pā'ia Park with overall master plan
- Back stops for baseball
- Lifeguard towers, storage and restrooms
- Area near existing Baldwin Beach Park entrance should be studied for floodwater detention
- Relocate new entrance to Rinzai Zen Mission

### CONCEPT PLAN B BALDWIN BEACH PARK - PĀ'IA, MAUI

#### CONCEPT A COMMENTS:

- Like drop-off by campground and temporary parking/unloading area
- More linear greenspace layout (like Concept B) if sports fields can still be accommodated
- Locate lifeguard towers (as noted) (See "Overall Concept Comments")

#### CONCEPT B COMMENTS:

- Like linearity of greenspace layout
- Like green edge along shoreline
- Incorporate drop-off from Concept A (See "Overall Concept Comments")
