(1) The goods, services, or construction has the following unique features, characteristics, or capabilities:

Maui Electric is the utility provider and therefore performs the conversion of its facilities based upon its own requirements.

(2) How are the unique features, characteristics, or capabilities essential for the agency to accomplish its work:

Vineyard Street has a very narrow right-of-way and in order to provide safe, pedestrian access along Vineyard Street as described in the Wailuku Redevelopment Plan, it is important to bury the power to create the additional room for sidewalk development.
