

NOTICE TO MOTORISTS

MIRA Image Construction, LLC will be performing Utility Work in the areas shown in the maps above. Various lane closures to be performed throughout project duration - highlighted portions indicate main areas affected by lane closures and detours. When roads are closed (Main Street), the area will be local traffic only. When lane closures occur, there will be a minimum of one lane open in each direction, with the possibility of contraflow traffic patterns in select situations. When full road closures are in affect, detour signs will be posted to guide motorists. It is recommended that motorists utilize alternate routes and drive with caution within the construction areas. The work is planned to start on Sunday - February 16, 2020
