**REQUEST FOR SOLE SOURCE**

(7/27/95)

To: Chief Procurement Officer, County of Maui Finance Department

From: WATER/WATER TREATMENT PLANTS (Department/Division Branch)

Re: Request for Sole Source Approval

**Pursuant to 103-D306, HRS, and Subchapter 9, Chapter 3-122, HAR, the Department requests sole source approval to purchase the following (Description of goods, services or construction):** Project is to replace

existing decant water booster pumps and motors at the Piiholo WTF with the same make and model as the existing.

Name of Vendor: Beylik Drilling and Pump Service

Cost: \$ 201,500.00 Term of Contract: From \_\_\_\_\_ To: \_\_\_\_\_

Prior Sole Source Reference No.(s) if any: None

1. The goods, services or construction has the following unique features, characteristics, or capabilities: A like for like replacement of old worn out equipment.

2. How are the unique features, characteristics or capabilities essential for the agency to accomplish its work?: New pumps will be able to fit into the existing pump cans and existing electrical connections.

Any other scenario may require the replacement of the existing pump cans, motor control centers and installing new wiring. This would require DWS to contract with an engineering consultant who's fees would be greater than the replacement costs.

(Attach additional sheet if necessary)

Sole Source Reference No. 21-21

3. The following other possible sources for the goods, services or construction were investigated but do not meet our needs because: Other makes and models of this equipment would be very expensive and

time consuming. The existing pumps and motors have operated over 30-years and it is time to replace them. This

make and model has been reliable and has exceeded its expected life. Per the manufacture, Sulzur (who acquired

Johnston Pumps), Beylik is the sole responsible contractor for the sale and service of these replacement pumps.
