Frequently Asked Questions

I have already made an offer and entered into a purchase contract. Can I still apply?
Possibly, yes. The down payment assistance from the County is paid into the Escrow for the purchase. If you apply for this program and close on your contract before you are notified you are eligible to receive funds from this program, you will no longer be eligible at the time of closing.

Can I use a co-signer on the mortgage? What if the co-signer already owns a home?
Yes, you may have co-signers. If the co-signer does not plan to live in the property or co-own the property with the program applicant/co-applicant, the co-signer does not need to meet our income, assets, or homeownership eligibility criteria. We will only be reviewing this information for household members who will co-occupy and/or co-own the property to be purchased.

Once I am confirmed eligible to participate, when do I get the grant?
Funds are paid directly to the Escrow and are released closer to closing. Once the client provides a Purchase Contract to our office, a checklist of items are required from the mortgage lender and Escrow company in order to prepare and verify the release of funds.

What happens if I want to sell?
Grants are secured with a lien in favor of the County and will run in perpetuity (forever) or until the grant is repaid. If you ever decide to sell your home, whether in 1 year or 30 years, you must repay the grant to the County.
