Description of goods, services, or construction:

Service Delivery of EnhanceFitness, an Evidence Based Exercise Program developed by Senior Services (Seattle, WA) in partnership with the University of Washington and Group Health Cooperative in the mid-1990's, Project Enhance-Senior Services offers state-of-art Community health promotion programs designed especially for older adults.

Name of vendor: Paula Keele

Cost: \$35.00 per hour for administrative paperwork and \$55.00 per hour for direct service activities that include training new instructors and master trainers, teaching classes for older adults and conducting instructor evaluations as a T-Trainer.

Term of contract: From: 07/01/2021 To: 06/30/2022

Prior Sole Source Reference No.(s), if any: 16-70

- (1) The goods, services, or construction has the following unique features, characteristics, or capabilities:
By virtue of the evidence based program structure, the person providing this service must have completed the required training, be assessed as meeting the requirements and be certified as a T-Trainer.
- (2) How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:
Paula has completed all necessary training to be a T-Trainer for EnhanceFitness. Because of this training, she possesses unique skills and abilities that no one else has, which allow her to accomplish the needed work for this program. She has been trained and assessed by the Program Licensing Agencies as eligible and capable to provide this Service.

(Attach Additional Sheets if Necessary)

- (3) The following other possible sources for the goods, services, or construction were investigated but do not meet our needs because:
No one in Maui County or in the State of Hawaii has the capacity to provide this service. There are only two (2) T-Trainers for EnhanceFitness in the entire nation. Paula is trained specifically in the EnhanceFitness program where maintaining fidelity is mandatory for it to be an evidence based program. After completing the extensive training with University of Washington and Senior Services to be a T-Trainer, Paula can deliver the program adhering to the evidenced based model and has the capacity to train master trainers in EnhanceFitness who can then train EnhanceFitness instructors.
