

REQUEST FOR SOLE SOURCE

TO: CHIEF PROCUREMENT OFFICE, COUNTY OF MAUI FINANCE
DEPARTMENT

FROM: Environmental Management, Wastewater Reclamation Division
(Department/Division/Agency)

RE: REQUEST FOR SOLE SOURCE APPROVAL

Pursuant to '103D-306, HRS, and Subchapter 9, Chapter 3-122, HAR, the Department requests sole source approval to purchase the following:

Description of goods, services, or construction:
Complete motor and pump assembly for Kihei Pump Station 6 (Spare)

Name of vendor: H2O Process Systems, LLC

Cost: \$ 101,322.27

Term of contract: From N/A To _____

Prior Sole Source Reference No.(s), if any: N/A

- (1) The goods, services, or construction has the following unique features, characteristics, or capabilities:

The Cornell pump and motor assembly is critical piece of equipment for the Kihei #6 Pump Station. Kihei Pump Station 6 is main station that pumps the influent sewage to Kihei Wastewater Facility. The pump and motor assembly is always in operation 24/7. There are no spares in case (1) one of (4) four pumps go down. A spare would insure a quick removal and replacement turnaround to minimize down time. This will also avoid a temporary emergency bypass pump installation. It takes an estimated 8 hours with 8 mechanics to setup.

- (2) How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:

This Cornell pump and motor is a direct equipment from the manufacturer via sole authorized vendor. Purchase from the manufacturer will ensure fit and design capabilities for Kihei 6 Pump Station.

- (3) The following other possible sources for the goods, services, or construction were investigated but do not meet our needs because:

No other vendors were investigated due to the fit and performance capabilities of the individual component associated with the Cornell pump assembly. Purchasing the same parts for the unit presently utilizes in keeping with the same standards for the Cornell pumps. This keeps critical inventory parts to a minimum.
