

Short-Term Rental Homes (STRHs)

Single Family Residences operated by designated managers

Issue/Renew Dates through 09/30/2022

Maui

There are more than 16,000 units (i.e., apartments, condos, houses) that are legally eligible to operate as short-term (less than six months) rentals without requiring a short-term rental permit. These units are generally located in districts zoned for hotel use, but some are also located in apartment districts, or are covered by other pre-existing situations. The operation of short-term rentals in these zoning districts is consistent with current County of Maui zoning ordinances, Community Plans, General Plan, and State law. All short-term rentals are also required to pay State of Hawaii General Excise Tax (GET) and Transient Accommodation Tax (TAT). It is recommended that you inquire with the owner as to whether they are operating in compliance with all current laws.

Outside of the above zoning districts, there are short-term rentals that have received approval to operate with either a Short-Term Rental Home Permit, Bed & Breakfast Permit or Conditional Permit. Each of these permits has specific operating requirements. All short-term rental home (STRH) operations are required to have a designated manager who is available by telephone at all times and can arrive onsite within one (1) hour in case they are called, all parking is required to be onsite (no parking on the street), and all advertising must include the short-term rental home permit number indicated below. Short-Term Rental Home operations may have up to a total six (6) bedrooms distributed over two (2) licensed STRH dwellings. According to the Maui County Code, the County Council will review the community plan short-term rental home restrictions when the number of approved short-term rental homes exceeds 90% of the restriction number. Transient vacation rentals operating with a conditional permit are included in the number of permitted short-term rental homes. The County's permit database (which may not be fully complete) includes the list below of Short-Term Rental Home Permits approved for operation by the County of Maui.

Short-Term Rental Homes (STRHs)

Single Family Residences operated by designated managers

Issue/Renew Dates through 09/30/2022

Lanai

There are more than 16,000 units (i.e., apartments, condos, houses) that are legally eligible to operate as short-term (less than six months) rentals without requiring a short-term rental permit. These units are generally located in districts zoned for hotel use, but some are also located in apartment districts, or are covered by other pre-existing situations. The operation of short-term rentals in these zoning districts is consistent with current County of Maui zoning ordinances, Community Plans, General Plan, and State law. All short-term rentals are also required to pay State of Hawaii General Excise Tax (GET) and Transient Accommodation Tax (TAT). It is recommended that you inquire with the owner as to whether they are operating in compliance with all current laws.

Outside of the above zoning districts, there are short-term rentals that have received approval to operate using one of the: Short-Term Rental Home Permit, Bed & Breakfast Permit or Conditional Permits. Each of these permits has specific operating requirements. All short-term rental home (STRH) operations are required to have a designated manager who is available by telephone at all times and can arrive onsite within one (1) hour in case they are called, all parking is required to be onsite (no parking on the street), and all advertising must include the short-term rental home permit number indicated below. Short-Term Rental Home operations may have up to a total six (6) bedrooms distributed over two (2) licensed STRH dwellings.

The County's permit database (which may not be fully complete) includes the list below of Short-Term Rental Home Permits approved for operation by the County of Maui.

Lanai Community Plan Region - Limited to 15 permits
